**THREATS CUT FOOD PRICES**  
Austrian Women Arouse the People to Action  
Overnight Increase in Cost of Living Halted  
Government Moves Quickly to Stop Outburst

(BY CABLE AND ASSOCIATED PRESS.)  
VIENNA, July 20.—The Austrian government, it was understood today, has offered the following proposals which labor leaders have accepted in principle, reserving the right of further consultation with the workers:

First, an immediate increase of wages to be paid to the unemployed upon which the existing conditions are most severe.

Second, control commissions to be placed at all banks to enforce the government's order prohibiting the trading in foreign money.

Third, prohibition of importation of all disposable articles, upon which duties are payable in gold.

Fourth, vigorous prosecution of food and clothing profiteers and price raisers.

**SHIP SUBSIDY NEED SHOWN**  
(Continued from First Page)

policy" was the title of Senator Handell's address.

He declared that a British Empire combination is being urged to oppose the development of the American merchant marine, that the British government is being called upon to bring diplomatic pressure to bear upon Washington and that a so-called pro-British party in the United States is helping the British government to the effect that Congress is divided into pro-British and anti-British groups.

Senator Handell read from an editorial in the Liverpool Courier of May 23, attacking Sir Auckland Geddes, British Ambassador to the United States, for failure to take stronger steps against the ship subsidy bill.

**FOOD PRICES BOOSTED**  
Yesterday's demonstration appears to have been largely of spontaneous origin. When groups of women went to the markets and found enormous increases in food prices overnight, the news quickly spread over the city. Within three days the price of lard and pork had risen 33 per cent, that of fat and sugar 100 per cent and bread 30 per cent.

Hundreds of housewives rushed into factories and told the men and there was a general movement to lay down tools, but cooler counsel generally prevailed. Finally deputations of workmen's councilors started for the Parliament Building and were joined on the way by hundreds of men and women. The deputations presented a demand that the old government bread allowance be immediately restored and that measures be taken to check the advancing food prices.

**CABINET IN SESSION**  
The Cabinet went into session late last night to discuss the situation.

While the day passed without serious disorders general nervousness was betrayed by the failure of shops and restaurants to reopen.

The general belief is that the government has been seriously shaken by developments of the past five days. Having lost the support of the peasant parties, the administration is beginning to feel that opposition from other quarters is becoming sharper and more manifest. Among the rumors afloat was one that a movement had been begun in the Austrian capital to separate from the Federation and leave Vienna to its fate.

**WANTS HIGH SCHOOL GRADUATES TO VOTE**  
PRESIDENT OF HIGH SCHOOL TEACHERS' ASSOCIATION OFFERS NEW PLAN

(BY A. P. DAY WIRE.)  
BERKELEY, July 20.—All high school graduates, regardless of age, should be allowed to vote in national, state and municipal elections, according to Horace M. Rebok of Santa Monica, who addressed the annual meeting of the California High School Teachers' Association at the University of Southern California yesterday. He asked the delegates to the convention to assume the initiative in arranging to have the proposition submitted to a vote of the people. Once adopted in California, he asserted, the plan would spread to other States until high school graduates would be enfranchised all over the country.

Mr. Rebok argued that education rather than age should determine the right of the citizen to vote. He maintained that any high school graduate is far better fitted to cast a ballot than many foreigners admitted to citizenship.

The age of 21, stated Mr. Rebok, is a legal fiction, arbitrarily fixed before modern education had its birth.

Mr. Rebok is president of the California High School Teachers' Association.

**"FILLED MILK" LAW IN WISCONSIN UPHOLD**  
CALIFORNIA FIRM LOSES TEST SUIT ON USE OF CO. COANUT OIL

(BY A. P. DAY WIRE.)  
MADISON (Wis.), July 20.—The constitutionality of the Wisconsin "filled milk" law was upheld today in a decision of the State Supreme Court. The test suit was brought by the Carnation Milk Company of California. The ruling was made in the suit of the Carnation Milk Company, manufacturers of Hobe, which contained coconut oil substituted for butter fat.

The court held that the Legislature is given the power to prohibit the sale of "filled milk" or other food products which are deleterious to the welfare and health of citizens of the State under the police powers of the Constitution.

"It was competent for the Legislature," the decision said, "to find that the manufacture and sale of the compounds in question were conducive to fraud and deception, and likely to be injurious to the public health."

**NEWS PRINT SAVING URGED BY MORESTER**  
MISSOULA (Mont.) July 20.—The use of print paper is a barrier to the development of civilization, according to Col. W. B. Greely, United States Forest Ranger, in an address today before the annual convention of the National Paper Association.

Col. Greely emphasized the diminishing supply of lumber and the serious need of conservation and reforestation, especially until some new material for paper-making is found.

**COAL EXCHANGE MEN REPLACE STRIKERS**  
CINCINNATI, July 20.—Members of the Cincinnati coal exchange today personally left their offices for points along the C. and O. system to take the places of clerks who went on strike. The exchange used to appeal to manufacturers to volunteer services of their employees to fill vacancies of striking C. and O. clerks. The United States court recognized his divorce from Edith Kelly, which was given in Paris. His attorneys have exhausted all chances of American courts refusing to recognize the divorce.

Mr. Gould maintained a fine racing stable in Malibu La Pita, where he is now living. Frank's brother, George, was also connected with the Goulds' wedding, since the brothers do not speak to one another.

George Gould, Jr., has gone to Aix from Paris to spend a month with his father.

**ADVISES NAVAL BASE BE HELD**  
Head of San Pedro Chamber Appeals to Mayor  
Navy Ready to Hear Offers, Says Roosevelt  
Conference Will be Called to Consider Means

(BY CABLE AND ASSOCIATED PRESS.)  
LONG BEACH, July 20.—Appeals by telegram were made by Long Beach business men today to Congressman Lindeberger at Washington urging him to make every possible effort to obtain the revocation of a recent Navy Department order, which directs the removal of the Submarine Base at Los Angeles Harbor, to San Diego. Directors of the Long Beach Chamber of Commerce took official action in the Submarine Base removal threat today, and appointed a committee of business men to confer with similar committees from the harbor and Los Angeles.

The loss to Long Beach merchants of the Submarine Base at the harbor is a minor consideration, compared with the very possible effect of the removal order on proposed Federal improvements in the harbor district. H. O. Baldwin, manager of the business men's bureau, told the chamber directors.

**Gunboat Goes to Help Save Missionaries**  
(BY CABLE AND ASSOCIATED PRESS.)  
CANTON (China) July 20.—The United States gunboat Pampanga has returned from a dash up the West River to Wu Chow, where an appeal for help had been sent in by eight American and Canadian missionaries stationed at Linchow. The Pampanga, brought back word that the missionaries were safe and that they did not now care to leave Linchow.

Fighting between Chen Chung King's forces and the Kuangsi troops of Sun Yat-Sen, deposed president of South China, still continues in the neighborhood of Shichow, Northern Kwangtung, with out decisive results, according to advices received here from the battle front.

Since the disturbances in Kwangtung province, following the fall of the Sun Yat-Sen government, bandits are reported as becoming more active.

**RESIGNED OFFICIAL COMING TO COAST**  
ELMER DOVER TO ENGAGE IN BUSINESS HERE, ACCORDING TO FRIENDS

(EXCLUSIVE DISPATCH.)  
WASHINGTON, July 20.—Elmer Dover, whose resignation as Assistant Secretary of the Treasury has been accepted by President Harding, is expected to return to the west coast and engage in private business, according to personal friends here.

The official acceptance of his resignation, the following statement was issued by H. C. Marsh, New York City, Secretary of the National Civil Service Reform League:

"The resignation of Elmer Dover as Assistant Secretary of the Treasury is significant of one thing—that Secretary Mellon and the President do not intend to have the service of the Treasury Department, one of the greatest business organizations in the world, debauched for the sake of 'rewarding the faithful.' It is common knowledge that when Dover came to Washington he started out liberally to make places in the government service in which he could locate persons who had distinguished themselves in the service of the Republic, particularly in the service of the Presidential campaign. Spillmen Congress hailed his coming and they will now bewail his leaving.

The administration in Washington is fortunate in having escaped from a difficult situation with a little damage. It is safe to say that other unscrupulous administrative officials will not be as anxious to manipulate the service for the sake of party spoils. The Dover episode will undoubtedly have a salutary effect."

**KNICKERBOCKERS NOT IMMORAL, IS RULING**  
COURT HOLDS GIRLS' ARRESTED FOR SMOKING UNJUSTLY PLACED IN HOME

(EXCLUSIVE DISPATCH.)  
NEW YORK, July 20.—Cigarettes and knickerbockers for girls are not insignia of depravity in the eyes of the law. So ruled Judge McLaughlin in the Kings county court today in reversing the conviction of Edna Hobbs, Heych, aged 18 years, of Brooklyn.

Miss Heych had been sentenced to three years in the House of the Good Shepherd by Magistrate McCloskey and today's decision was the result of an appeal. She was arrested last February in company with her sister, Barbara, aged 15 years, and Vincent Lawless, both of Brooklyn, in a bungalow owned by the Heych girl's father at Bergen Beach. At the time both girls were attired in knickerbockers and were smoking cigarettes.

Judge McLaughlin ruled cigarettes and knickerbockers are not evidence of immoral character. Edward J. Reilly, Miss Heych's attorney, said he would bring suit against the Children's Society and the arresting officer, alleging malicious persecution.

**FRANK GOULD WILL BE MARRIED IN PARIS**  
(BY CABLE—EXCLUSIVE DISPATCH.)  
PARIS, July 20.—Frank Jay Gould today announced his engagement to Miss Florence Lacaze, who has been living in Paris with her mother since her divorce several years ago.

The engagement has been known by a few intimate friends for more than a year, but Mr. Gould decided not to marry until the New York courts recognized his divorce from Edith Kelly, which was given in Paris. His attorneys have exhausted all chances of American courts refusing to recognize the divorce.

Mr. Gould maintained a fine racing stable in Malibu La Pita, where he is now living. Frank's brother, George, was also connected with the Goulds' wedding, since the brothers do not speak to one another.

George Gould, Jr., has gone to Aix from Paris to spend a month with his father.

**RECEIVES ACCIDENT COMMISSION REPORT**  
GOV. STEPHENS ADVISED THAT FUND HAS BECOME QUITE SELF-SUSTAINING

(BY A. P. DAY WIRE.)  
SACRAMENTO, July 19.—The Industrial Accident Commission of California declared dividends of \$188,879 to policyholders during the quarter ending March 31, and the State compensation insurance fund now has a net surplus of \$1,420,791, according to the report of the State Board of Control to Gov. Stephens, made public today. One hundred thousand dollars was appropriated to initiate this work in 1913 has been paid back in full to the State Treasury, according to the report.

"The fund has become entirely self-sustaining during the last few years and now has total admitted assets amounting to \$5,617,747," the report declares, adding that the fund has the following assets: Cash, \$214,664; invested in approved legal bonds, \$5,081,656; net premiums in course of collection, \$228,049; due from State departments, \$21,872; accrued interest from bonds and registered warrants, \$71,804.

George Gould, Jr., has gone to Aix from Paris to spend a month with his father.

**ILLINOIS DELAYS REPLY TO HARDING**  
(BY A. P. DAY WIRE.)  
SPRINGFIELD (Ill.) July 20.—Illinois' reply to President Harding's telegram suggesting the reopening of the coal mines will be delayed until after Acting Gov. Sterling has had a conference with President Frank Farrington of the Illinois miners on the possibility of resuming operations with union men. Mr. Sterling announced here yesterday. Mr. Farrington is expected here Friday.

**GETS HEAVY FINE**  
(EXCLUSIVE DISPATCH.)  
MORONA, July 20.—Rickie Pomares, Walnut rancher, was given a hearing before Judge Mason today and fined \$500 on a bootlegging charge. He was also sentenced to 180 days in jail, but this was suspended during good behavior. Homer McClellan, a local taxi driver was also assessed a like amount on a charge of selling intoxicating liquor.

#### JESSIE GRIEVE ANNEXES TITLE

(EXCLUSIVE DISPATCH)  
DENVER, July 20.—Miss  
Jessie Grieve, of Los Ange-  
les, carried off the Denver  
women's tennis champion-  
ship today when she defeated  
Miss Grace E. Munger, also  
of Los Angeles, in the final  
at City Park. Miss Grieve  
had very little trouble taking  
the match, 6-0, 6-1.

The two coast stars will  
meet Annette and Mae Meyer  
in the final of the women's  
doubles Saturday.

Miss Munger, who is paired  
with Nell King, 1921, State  
champion, will play in the  
first match of the mixed  
doubles tomorrow. Miss  
Grieve will play with J. G.  
Griffin in another mixed  
doubles match today. They  
will meet Annette Meyer and  
C. F. Cotulla and the match  
is expected to give some in-  
terest to the play of Miss  
Grieve in doubles against  
Miss Meyer.

\*\*\*\*\*  
The role of diplomatic attaché was too  
much for Miss Grieve, who  
started to leave the group. Mrs.  
Mallory urged him to stay.

She was asked about the  
ability of Miss Langlen again  
coming to the United States for  
a match.

"She won't come over here,"  
Mrs. Mallory said with assurance.  
"Can you beat her?"

"How do I know whether I can  
beat her? I don't know until I go  
out on court. You never know  
until you begin to play."

\*\*\*\*\*  
Asked about the possibility of a  
match next summer, she said:  
"Next summer maybe I won't be  
alive—I don't know." Then, on  
second thought she added: "Of  
course I will play her again. I'm  
anxious to meet her. Tennis  
is a matter of taking chances."

Here Mr. Mathey broke in to  
suggest that tennis was, indeed,  
a game of taking chances. Mrs.  
Mallory had defeated Miss Lan-  
glen decisively at Forest Hills and  
that Miss Langlen had beaten Mrs.  
Mallory with equal decisiveness at  
Wimbledon.

"Every tennis player after de-  
feating you would want to meet  
Mrs. Mallory," she said. "You  
can say that the better player won.  
It's quite natural. I hardly got  
going."

\*\*\*\*\*  
HE GETS HIS CUE  
It was Mr. Mathey's cue again.  
Mrs. Mallory, he told the  
reporters earnestly, "was beaten,  
and enjoyed the game very much  
and would like to meet her again."

Then while Mrs. Mallory leaned  
back in her chair and took solace  
in her in a friendly cigarette, Mr.  
Mathey dictated a short statement  
for her to the newspapermen. This  
is what he dictated:

"I enjoy playing Miss Langlen  
and I think, as I have beaten her  
once before, I have a good chance  
of beating her again."

Then Mrs. Mallory and Mr.  
Mathey arose and walked a brief  
way to one side. They held a little  
conference and returned.

\*\*\*\*\*  
IRONIC PANTOMIME  
Mrs. Mallory, it seemed, had de-  
cided to retract what she said  
about the newspapers being the  
dirtiest, filthiest things that ever  
happened. But really, she said,  
she wasn't getting a square deal  
from the newspapers. She clasped  
her hands together as if in prayer  
and raised her eyes to the ceiling  
in an ironic pantomime. Then as if  
reciting a "Sunday-school lesson,"  
she said: "I think Miss Langlen  
is the most marvelous tennis play-  
er in the world. I swear it on the  
Bible!"

She clasped her hands and let  
them fall to her side in a gesture  
of helplessness and a little disgust.  
"Is that what you want?"

"We only wanted your honest  
opinion," one of the reporters re-  
plied. Whereupon Mrs. Mallory  
said there had been so many stories  
in the papers that she was afraid  
to talk, and the interview was  
closed.

\*\*\*\*\*  
OTHERS RETURN  
Also in the party were Miss  
Eleanor Sears, who was widely  
known in Boston, Newport and  
New York social circles and Miss  
Edith Signoury. Both partici-  
pated in the Wimbledon tournament,  
but were eliminated in earlier  
rounds.

OXY WILL  
WELCOME  
BILL KERR

Great Distance Runner to  
Join in September; Has  
Signed Application

Bill Kerr, champion intercolle-  
giastic half mile of the United  
States and one of the greatest dis-  
tance runners that ever wore a  
spiked shoe, plans to enter Occi-  
dental College in September. It was  
announced yesterday. Inasmuch as  
William's signed application was  
offered in evidence the matter  
could hardly be disputed. William  
announced his intentions to mar-  
shal at Occidental in public last  
Saturday. It is understood, having  
at that time just been informed  
that his entrance credits were sat-  
isfactory.

Kerr's decision was followed im-  
mediately by the application of  
Verdon Nash, State champion  
broad jumper, also formerly of  
Huntington Beach. These two  
young men were the star mem-  
bers of Coach Peet Walker's squad  
this year. The acquisition of Kerr  
will give Occidental four men who  
have run the mile in 4:40 or bet-  
ter as Chandler, a junior, and Car-  
ter, formerly of Longwood and Se-  
well, formerly of Manual, have  
shaded this time.

If Kerr and Nash go to Occi-  
dental and Bud Houser goes to  
U.S.C. as seems very likely, this  
will be the first year that the big-  
gest prep stars from Southern  
California have remained south of  
the Tehachas for their college  
career and it would not be surpris-  
ing to see Nesbit, Thomas, Lynch,  
Herschel Smith and the rest of the  
southern California prep stars like-  
wise.

### RACKETERS ON WAY EAST

May Sutton Bundy and Mrs. William Henry Board  
Train for New York to Play in Tennis Tourneys

Carrying a handful of tennis rackets and a burning ambition to  
regain the national tennis championship, May Sutton Bundy yesterday  
morning boarded the train for New York. She was accompanied by  
her doubles partner, Mrs. William M. Henry, with whom she has de-  
signed on the national doubles title.

Mrs. Bundy has been quietly  
practicing for six months in prepa-  
ration for the invasion of the  
East and those who have watched  
her remarkable return to the form  
of a decade ago are predicting  
that the woman who won the  
world's singles championship at  
Wimbledon seventeen years ago  
will stage the greatest comeback  
in tennis history.

\*\*\*\*\*  
PRACTICES REGULARLY  
Practicing regularly with Mrs.  
Henry, Mrs. Hickman, her three  
daughters Miss Florence Sutton, Mrs.  
Ethel Sutton Deeg, and her husband,  
Thomas C. Bundy, the former  
world's champion has been im-  
proving her game in startling  
fashion and has supplemented the  
terrible forehand drive with a  
deadly overhead and a much im-  
proved backhand and volley shot.

Mrs. Bundy's chief opposition in  
the East will come from Mrs.  
Molla Bjurstedt Mallory, the present  
champion, Miss Leslie Ban-  
croft, who is the successor to the  
year on the Eastern courts, Mrs.  
Marion Zinderstein Jessup, ranked  
No. 3 last year and Miss Helen  
Wills of San Francisco. To this  
list may be added Miss Mary  
Browne of this city should that  
young lady change her mind and  
go East, as seems possible.

\*\*\*\*\*  
DEBUT IN EAST  
Mrs. Henry, who accompanies  
Mrs. Bundy and will be her doubles  
partner, while one of the best sin-  
gles players locally, is noted more  
for her ability as a doubles player.  
She won the city championship in  
singles and doubles recently and  
has been defeated in tournaments  
this year only by Miss Mary  
Browne and Miss Helen Wills,  
both of whom won after a tough  
battle. Like Mrs. Bundy, Mrs. Henry  
has improved greatly with  
steady practice and playment  
the best tennis of her career.

Mrs. Henry is making her first  
appearance on grass courts and a  
great deal of the success of their  
doubles invasion depends on Mrs.  
Bundy's ability to get accustomed  
to the turf. As they will have  
three full weeks of tournament  
play previous to the national  
championships, the local experts  
believe that the Westerners will  
be going strong by the time the  
big events roll around.

\*\*\*\*\*

brand new managers' association  
came into existence. Over a hun-

Joe Rafferty, I. R. Weinreich, a  
man well known in baseball cir-

porary officials be elected. Joe  
Rafferty was named secretary,  
while Rober Armstrong was named

#### SWING HAMMER ON THE TIGERS

Angels Fairly Swamp the  
Slumping Bengals

"Big Bill" James is Jarred  
Out of the Box

Seraphs Make Victory Their  
Eleventh Straight

BY HARRY A. WILLIAMS  
With the hungry Angels playing  
like champions and the Tigers ap-  
parently passing through a period  
of temporary dissolution due to a  
trip shortage, Los Angeles to-  
night won a third consecutive  
victory, 10 to 4, on the  
third consecutive occasion and  
increased its winning record to  
eleven straight victories.

Nick Dumovich turned in his  
customary win. Back resorted  
variously to James, Jolly and  
Gilder, and weighed Truck Hannah  
in at the plate as pinch-hitter.  
Truck's best swing scaled in under  
weight.

Ping Bodie was doing penance  
in his store clothes. For having  
strung at and missed a spectator  
on the day before in Box 17, Ping  
was suspended for one day and  
while not costing him a cent for  
laying a glove on an umpire gets  
three days with fifty smackers ex-  
tracted. Umpires are not so plen-  
tiful as are city customers, and  
therefore are more valuable.

Mr. Bodie is now regarded as  
one of our best box fighters. At  
least he is the undisputed cham-  
pion of Box 17. Friends of Ping  
while not costing him a cent for  
aiming at the nose of a citizen, do  
feel that he had cause for exasper-  
ation. Apparently this league isn't  
going to stand for batters taking  
pot shots at the features of noisy  
bugs, and hereafter the domestic  
management probably will deal  
with these.

Whether to murder bugs, or re-  
quire those sitting in front boxes  
to wear rubber nose guards is the  
question. The latter way would  
be simpler. Nose guards should  
be rented with bug fighters. Any  
fans are expected to protect their  
own bugles on breakaways. Three  
blows to the nose with a bat would  
signify an unconditional surrender.  
The spectators should hang their  
noses over the front edge of the  
boxes at their own risk. Any fan  
intending to challenge a player is  
requested to bring his own second,  
water bucket and toilet. The  
fans will keep in shape by skip-  
ping a rope during the interna-  
lions between double-headers. From  
now on the duties of the double  
umpire system will be doubled by  
making umpires cockleheads.

If cocking ball means cockiness,  
then the Angels were cocky right  
from the start. Red Killefer in-  
troduced the game with a double  
and James walked McAuley. Deal  
dumped a bunt and beat the same,  
loading the sacks. Sander Griggs  
scored in the double play. Killefer  
scored. Carroll counted McAuley  
with a left-field single, taking sec-  
ond on High's jog. McAuley  
drove to J. Carlisle Smith, who ex-  
actly tagged Carroll arriving at  
third base.

A run leaked in through the  
usually airtight mitt of Ray French  
in the second. Ray, apparently  
unimpaired by the August scout  
of Bob Conner, the Yankee scout,  
spilled an easy fly by Lindmore  
off the classic 125-pounders on  
a wild pitch as a single by Kille-  
fer.

Killefer's men became disre-  
spectful in the third, chasing the  
dignified Mr. James out of the  
park and mousing up Jim Jam  
before.

"Dandy Dick" Griffin, who holds  
a decision over the world's cham-  
pion bantamweight, is lined up  
with Teddy Silva in the opening  
half of the double headline attrac-  
tion. These lads will tip the beam  
at 118 pounds.

Jimmy Hackley will get another  
chance to redeem himself against  
a man who defeated him several  
months ago. Jimmy Butler is the  
man and he is reputed to be one  
of the classic 125-pounders on  
the Coast. Hackley has improved  
considerably since his former  
meeting with Butler.

Charley Sullivan and Johnny  
Webber will meet at 135 pounds.  
These boys are both boxers and  
sluggers should tip up a tor-  
rid scrap. Johnny Conde and  
George Sherman, 133-pounders  
who show promise, are also sched-  
uled to mingle. Willie Hunt, one  
of the most popular 140-pounders,  
has been assigned to take on Joe  
Thomas. Matchmaker Frank  
Crowley has matched Frankie Tier-  
ney and Johnny Lee, 133-pounders,  
for the curtain-raiser. George  
Blake will referee.

#### FIDEL LABARBA RETAINS TITLE

Benny Marks Gives Cham-  
pion Hard Tussle

Zukle Gets Unpopular Ver-  
dict Over Jessick

Upstill Crowned the Heavy  
Champ at L.A.A.C.

BY LEEFSON BOWEN  
A whole herd of new Southern  
California simon - pure boxing  
champions were crowned at the  
L.A.A.C. last night amid the ap-  
plauded howls of a large dele-  
gation of cash customers who didn't  
like the decision in the 125-pound  
final. All the other decisions were  
loudly applauded, however, so the  
judges weren't so bad as they  
might have been.

When William Zukle was handed  
decision in three rounds over Ju-  
lius Jessick in the lightweight  
finals a roar went up that shook  
the Fallades at Santa Monica. A  
lot of the customers seemed to  
think that Jessick's last round  
stand earned him an extra round to  
settle the argument. However,  
Zukle had a very slight margin in  
the first round and a good healthy  
margin in the second and since the  
"fly-whistle" rule call for  
hair-line decisions, Zukle was  
fairly entitled to it.

Fidel Labarba, the demon ban-  
tam, won over Benny Marks in a  
wild and tigerish struggle which  
closed the evening's entertainment.  
Marks put up a valiant fight, but  
Labarba's crushing left to the  
stomach and his constant forcing  
of the battle had Marks a very  
tired boy at the end of the third  
round.

A mysterious party named Du-  
ley Upstill captured the heavy-  
weight honors by neatly trimming  
Sid Cherniss. His clean hitting  
and constant forcing of the battle  
earned him the decision in three  
rounds. Max Spindler stopped  
John Dillon in the third round of  
the battle after Dillon had put  
up a game fight against the ex-  
perienced opponent. Dillon's left eye  
was closed at the end of the second  
session, and he couldn't see to fight  
in the last round.

Paul Grube walked into a large,  
powerful right-hand smack to the  
chin in the first half-minute of  
the 160-pound final and Alleghri  
was winner by a K.O. in 16 time.  
Al Cleveland won a close decision  
over Ed Hawkins in the 147-pound  
final. Ed Oleson gave Joe Sims  
a surprisingly hard battle in the  
finals of the 128-pound class, but  
lost the decision. August Gatto  
was awarded the 115-pound crown  
when Joe St. George showed up  
with a busted finger sustained the  
previous evening.

In an extra bout Joe Schlocker  
knocked out Al Leonard in the  
third round.

**EVE UNSELL TO BLUE PENCIL FOR SCHULBERG**

By Grace Kingsley

If preferred pictures doesn't find good stories for production hereafter, it isn't going to be the fault of B. P. Schulberg, head of that organization, nor of Eve Unsell, scenario writer. Mr. Schulberg has just engaged Miss Unsell as editor-in-chief of his organization, and both, they promise, are going to wrinkle day and night over the problem of better stories.

Miss Unsell has just completed a year's work as head of the Robertson-Cole scenario department.

Eight years ago Miss Unsell was a play reader and constructionist with Mrs. H. C. De Mille, mother of Cecil and William De Mille, and at that time a successful New York play broker. Some of Miss Unsell's capable work attracted the attention of Mr. Schulberg, who was one of the chief executives of Famous Players. He undertook the missionary task of persuading her to stop the drumming of adapting scenarios from other people's stories and devote herself to writing her own. She was a scene writer and later became scenario editor for Famous Players.

Preferred Pictures is the owner of the rights of a large number of novels, and to this list will be added the rights to other stories which Miss Unsell has set herself the task to read during the long winter evenings.

**Clara Horton Starred**

In case you haven't heard anything about Clara Horton for a few weeks, don't think that young lady is spending her time in slothful idleness. According to the announcement yesterday from Morante Productions, Inc., working at Long Beach studios, Miss Horton will be starting her new production in a series of eight five-reel outdoor features to be made during the next year.

The first story, "The Timber Wolf" by L. V. Jefferson, is in production now. Director Will Morante having just returned from Lake Tahoe, where he went to shoot the exteriors with his company.

Incidentally, Tom Gallery is playing the principal male role opposite Miss Horton. Others in the cast are Harry Lorraine, Rae Hampton, Frank Caffray, Tex Hewson and Russell Tizzard.

**Location Notes**

It is wonderful how many screen stories seem to require beach settings these days. Elaine Hammerstein, Conway Tearle and a company of players, under the direction of George Archibald, are quartered in location far up in Topanga Canyon, making scenes for "Blazing Sands," which is being produced by Myron Selznick.

George Melford and Thomas Meighan making pictures over there.

Buster Keaton is making scenes of "The Love Nest" at Catalina.

**Jackie to Travel**

It looks now as though Jackie Coogan was going to rehearse his traveling talents by taking a trip to the Panama Canal. Coogan goes to Europe. According to Sol Lesser, a trip East is being planned, and the route is via Panama. Lesser intends to leave for the East in September, and if Jackie's film activities will permit, the start will probably be also.

**Irving Cummings Home**

Irving Cummings has just completed his latest production, "Daylight," in which Lola Wilson and Jack Mulhall are featured. Jack Donovan played the juvenile.

**Priscilla In East**

Priscilla Dean has gone to New York for a visit. She will also make some scenes for her new photoplay. This will be filmed at Coney Island. Miss Dean is to own all the concessions for the time being.

**Oiga Petrova to Europe**

Oiga Petrova and her husband, Dr. John D. Stewart, will sail Saturday for Europe. They will spend most of their vacation in Naples getting color for a play which Miss Petrova is writing.

**Irene Castle, Heiress**

Irene Castle falls heir to a small fortune under the terms of her mother's will. The will of Mrs. Annie Elroy Foote was filed for probate in the Westchester county court, according to word just received from New York. Mrs. Foote died recently at her home in Beechmont Park, New Rochelle.

This will disposes of an estate valued at about \$100,000. This estate is divided equally between her two daughters, Irene and Mrs. McElroy Bradford, who lives on Long Island, by the terms of the document.

**Violinist Talks**

"No, I don't ever wish to go back to our old home in the Carpathians. The Bolsheviks have ruined it. That's what Ducl de Kerekjarto said the other evening at the Orpheum.

"I love this country. Its people appeal to me. Why should I wish to go back to my war-ridden Hungary? My people fled before the Russians during the war. They fled literally."

"I was giving a concert for the poor children in Budapest, when we heard the Russians were coming. I escaped with my violin in my hand, in my evening clothes. I hear they took possession of our home, and that it was ruined. It would break my heart to see it."

Ducl de Kerekjarto is but 21 years old. He is a favorite pupil and protégé of Tzsa.

**Clyde Cook**

Poor Clyde Cook is all sad and everything about the reports of his marriage recently printed. He states that he isn't married at all, and although the name on the marriage license is the same as his, and though the bride's name is Florence Miller and there is a Florence Miller working in pictures, they just have to be polite and take his word that he is still the sole occupant of his flat.

**CASTING MIKE ANGELO**

**CLASS PRODUCTION IN SIGHT FOR CARILLO PLAY**

By Edwin Schaller

Two very popular stock players, who have recently been absent on other duty, are to return to the fold of the drama with the production of "Mike Angelo," the new play, starting Leo Carillo. One is William Austin, the comedy character actor, and the other is Helene Sullivan, noted for her creation of attractive widows and vamps.

The cast for the play is rapidly being made up now, although some of the players for the principal roles have not yet been selected. It is said that among others who are being dickered with, are Pedro de Cordoba and Violet Heming, but no definite arrangements have been made with either.

Mr. De Cordoba is prominent both on the stage and screen. He has been in Los Angeles made production, when "Sadie Love" was given its premiere, with Marjorie Hamilton starred. Miss Heming was featured in the principal role in the screen version of "Everywoman," and had the leading part in "Three Faces East" on the stage.

Preliminary rehearsals of the play are already in progress, with such members of the cast as have been selected.

**Vidor Preparing for "Pec"**

With Laurette Taylor and J. Hartley Manners, her husband, scheduled to arrive in Hollywood about August 1, King Vidor has now settled himself in the Metro studio building, and is busy on preparations for the forthcoming production. The filming of "Pec" will start early in August.

**Edith Talleferre Near**

Edith Talleferre is shortly to appear in the Orpheum in a one-act play. Other stars listed for appearance are John Steel, American actor; the Duncan sisters, dancers, from London; Gus Edwards, with a girl revue, and Harry Fox, the "side of Pomo," and his new wife.

**British Drys**

**Star Beverage Has Big Kick**

[BY CABLE-REUTERS DISPATCH]

LONDON, July 20.—For many years British "drys" have been drinking a beverage known as "bee wine," which is reputedly non-alcoholic. But the minister of health has now made an investigation and ascertained that bee wine often has ten per cent alcoholic strength and therefore more than twice as strong as ordinary beer.

This official diagnosis of bee wine will now place its temperance consumers in a most embarrassing fix. Heretofore they have been able to get "drys" in the form of none of them can imbibe it and preach against beer which has not got half its strength.

Bee wine is a mixture of sugar or molasses and water and a ferment popularly known as beer. It is a mixture of yeast, molasses and bacteria and the action of the bacteria results in the formation of alcohol and lactic acid.

**TRAINED NURSE GUILTY OF STEALING RING**

[EXCLUSIVE DISPATCH]

NEW YORK, July 20.—A verdict of guilty was returned today against Miss Elizabeth Kelly, a trained nurse, on trial for the theft of a \$100 diamond ring.

The nurse was arrested last spring for the theft of the ring from the residence of Mrs. David R. Lamont, where she had attended Mrs. Lamont's son. The theft occurred in 1918 and later Miss Kelly went to Paris and married Peter Cooper Hewitt in his last illness.

After Mrs. Hewitt had attempted to have Miss Kelly arrested in Paris on another charge the nurse sued her for \$200,000. Miss Kelly's counsel maintained throughout the trial that the charge against her was an attempt to put her out of the way because of the knowledge she knew.

**HELD FOR FOURTH WEEK**

A sudden upward leap in attendance figures, and numerous inquires as to the possibility of another week of "The Storm" at the Mission Theater, have finally influenced the management to set back the forthcoming feature and to make room on the Mission screen for a fourth and final week of the melodrama, which has made such a sensation in film and circles. "The Storm" will enter upon its last seven days tomorrow and will be shown until Friday, the 25th inst.

**ANGELENO IS HELD**

[EXCLUSIVE DISPATCH]

Stopped From Bridge Jump; to Examine Into Sanity

NEW YORK, July 20.—Frustrated in an attempt to jump from the promenade at the New York end of the Williamsburg Bridge today a man who described himself as Louis Weiss, 33, of 444 Centennial street, Los Angeles, was taken to Bellevue Hospital for examination.

Two men saw Weiss climbing the guardrail of the promenade and pulled him back. Had he jumped from that point, he would have landed on the vehicle roadway, twenty feet below.

Patrolman Kelly helped to subdue the struggling man after Weiss had started to battle with his rescuers. Kelly turned the man over to Dr. Schoebel, who removed him to the hospital.

Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10 and next \$5, and all others available for starting must be original, local, "drawable" and funny. Each picture must be described by words at a rough sketch. Title and dialogue must be supplied. All strips, some member of the Wad family—Mrs. Spenda Wad, the club and society woman; Watt A. Wad, sports editor and press agent; and, possibly, the most famous daughter, Gunna Wad, 12-year-old terror, and Cleo Wad, Jr., the baby. Write on one side of the paper only. Address all entries to Mr. Wad, care The Times. Anyone may compete and submit as many ideas as desired. No manuscripts or drawings will be returned.

JEROME UHL  
RADIOS SONGArranges Evening's Program  
for "Times"Able Support Given Him by  
SopranoSherwoods in Harmony Epic  
from Radio KHJ

Jerome Uhl, baritone with the Chicago Grand Opera Company, who is in Los Angeles for the summer coaching singers, arranged the evening program for KHJ yesterday. The rich and resonant quality of his voice, coupled with his rare ability to inject the same of personality into his selections, made his numbers last night carry special appeal to all listeners. "When You and I Were Young, Margie," by Butterfield, went out into radio-land clothed in the old romance of the days when this song was written. "Mother of Mine," by "You're Brought Hope to Every Listener, thoughts of love for the one who gave us life—humanity's best friend—Mother. "Idyl," by Kreisler, never was heard to better advantage than when Mr. Uhl sang it last night.

Interesting

Recent experiment has proved that the great success of radio requires a sufficiently sustained receiving apparatus, rather than a highly improved transmitter.

Encourage your boy to experiment with the best receiving equipment. Get him apparatus of proven reliability.

North's radio supplies—largest stock in the city—are of guaranteed quality. Receiving sets, head phones, microphones, various tubes, rheostats are of good quality and priced right.

SPEEDING AUTO  
SENT TO JAILSpokane Judge Orders Car  
Locked Up as Well  
as Driver

(BY A. P. MONT WIRE.)  
SPOKANE (Wash.) July 20.—Announcing the beginning of a policy of placing cars belonging to motorists convicted of speeding under arrest as well as their drivers, Judge R. A. Mann has ordered John Mala, convicted of traveling at the rate of forty-one miles an hour, sentenced to five days in jail and ordered his car to be locked in the county garage for a period of thirty days.

"I believe that the new plan will be even more effective in curbing the speed craze than the jail sentences have been," said Justice Mann. "I intend to try it and see how it works."

ter advantage than when Mr. Uhl sang it last night.

"The beautiful charm of Elizabeth Pike's soprano gave balance to the evening program, her selections being in especial harmony with those of Mr. Uhl. She chose the old-time songs which the old-fashioned listener has learned to love: "Ben Bolt," by English-Kneass; "Roses," by Marum, and "Annie Laurie," by Lady Scott.

Mrs. Guy Bush, well-known in Los Angeles musical circles, played all piano accompaniments of the evening.

Through the courtesy of the Kinema Theater management, four members of the "Singing Sherwoods" were heard from KHJ yesterday afternoon. This group of singing musicians has aroused much interest since they have been at the Kinema, and their engagement there has been indefinitely extended. Heralded as one of the most unique musical organizations, inasmuch as every member is an instrumentalist as well as a vocalist, their musical offerings have given new meaning and interpretation to the modern version of syncope.

Ben Radinsky, saxophone soloist, accompanied by Mrs. Irvin Fields, played four selections: "Virginia Blues," "I'm Mighty Proud That You Are Mine," "Four Eyes Have Told Me So," and two choruses of "Sally."

The violin numbers, played by Irvin Fields, accompanied by his wife, were especially well done. He played "Even Song," by Martin, and "To a Wild Rose," by James O'Brien, who has been heard several times before from KHJ, has recently become allied with The Sherwoods and is now singing at the Kinema. He sang by radio again yesterday, his two numbers being "Granny" and "You Won't Be Sorry."

**SUES HER SONS**  
A suit to compel her sons, Alexander Demitroff and Peter Demitroff, to support her in her old age, was filed by Prokhoris Demitroff yesterday. Mrs. Demitroff, a widow, is 77 years old and is impoverished. She says that her sons are owners of real estate and have refused to provide for her. She asks \$50 a month.

**CHARGE DRIVER

With a mysterious black eye and an air of unconcern, a man giving the name of Clarence H. Birdall, 27 years of age, was arrested yesterday morning as the chauffeur who was reported to have stolen the Pierce-Arrow four-passenger roadster of Miss Gloria Swanson, cinema actress. The arrest was made at 2214 North Hill street by Police Detectives Lloyd and Roberts and Officer Whittinger. The car was recovered at the Belmont Garage. Birdall, confessed having taken the car, the detectives assert.

Birdall, previously took expensive care for joy-rides from Mrs. Jennie Burech of 5181 Sunset Boulevard while a demonstrator for the local Packard agency, and from the Zellerbach Paper Company, 212 South Los Angeles street, according to the police. Birdall was held on suspicion of grand larceny.

**Council Bars  
Rock Crushers  
from Arroyo**

Property owners and residents in the northeast section of the city won a great victory yesterday in their fight to drive the rock crushers out of the Arroyo Seco. The City Council by unanimous vote adopted its welfare committee's report and instructed the City Attorney to prepare the necessary ordinance placing a large section of the Arroyo in a residential zone. This district, which includes Loreta, Leon and River streets, and Dayton avenue, and is bounded by the Arroyo Seco River, Arroyo Seco avenue, Pasadena avenue and Avenue 26 bridge, is now in an industrial zone and hence opened to the establishment of rock crushers and other industries.

The Council already has gone on record in refusing permission for the existing rock crushers to extend their activities in the Arroyo and yesterday's action will prevent rock crushers from being established in a large part of this section of the city.

**MARRIED TOO SOON,  
WOMAN TELLS COURT**

Because she married before her final decree for divorce from a former husband had been granted, Mrs. Ruth Woolverton yesterday filed suit for annulment of her marriage to Rufus M. Woolverton. According to the complaint, Mrs. Woolverton was granted an interlocutory decree from Leo H. McConley on July 16, 1933. On July 27, the complaint states, she married Woolverton. She has a 2-year-old child by her second husband.

Night Concert

People who gather tonight in Hollywood Bowl to hear the regularly scheduled concert of the series now being given in the big outdoor amphitheater will be given an especially arranged curtain raiser in the form of a radio concert. Arrangements were made yesterday whereby the radio car, which crossed from Detroit giving concerts en route to people who in many instances had never heard radio before, will drive into the "Bowl" in the early evening and bring to those who gather for the regular concert the entire KHJ program from 7:15 to 8 o'clock.

Through the courtesy of Wallace Blood, director of America's first radio tour, now in Los Angeles, this was made possible. With loud speaker equipment it will be possible for everyone in the "Bowl" at the time to hear the KHJ concert.

America is spending \$5,000,000 each week for radio equipment. An annual radio business of \$400,000,000 is confidently expected.

A great many Pacific Coast amateurs, as well as some far inland and on the Atlantic Coast, are being heard in Hawaii. The question naturally arises, since amateur signals are carrying to Hawaii, how much farther can they be picked up? It has been suggested by "Radio" that an Al commercial operator be appointed to cross the Pacific, on some vessel and listen in each night during the voyage for amateur and broadcast stations for the purpose of ascertaining just how far out they can be heard with modern receiving apparatus. It is probable, if this suggested test takes place, that amateur and broadcast stations will be heard thousands of miles, perhaps even as far as China or Australia.

The blue glow occurring in some audions can be attributed to electrical breakdown, or ionization of the tube. Lowering the plate voltage will sometimes eliminate the trouble.

Sixty-two United States radio compass stations, costing a total of \$1,000,000, are engaged in providing safety for merchant and naval vessels. Foggy weather at sea no longer holds the same terror to navigators it did. Since the compass stations have been erected, many ships have been saved from destruction.

Over 15,000 transmitting licenses have been issued to amateurs by the Department of Commerce. It is conservatively estimated there are 2,500,000 receiving stations in the United States.

Broadcast stations are licensed by the Department of Commerce as coastal stations and are required to listen in on 600 meters for at least three minutes out of every fifteen to determine whether or not they are causing interference with ships that may be in distress.

Time signals are sent broadcast daily from NPL—San Diego—on a wave length of 2400 meters at noon and at 10 p.m.

Wholemeal arrests will be made if necessary, Chief McLendon said today, to break up the habit of scores of motorists, who, in spite of warning signals, persist in remaining in the middle of the street and delaying the ambulances and police cars.

Another class of motorist, the kind who allow their fast-moving police vehicles to pass, speed up their own cars and follow behind in the hope of "cutting in" on some excitement, are to be summarily dealt with henceforth, it was said.

## RETURNS COFFIN, SON STILL LIVES

BY A. F. NIGHT WIRE

FRESNO, July 20.—A coffin which Joseph Krikner of Fresno took to the mountains yesterday to bring back the body of his 20-year-old son Roscoe, was returned to the undertaking establishment today.

"It was a frightful mistake," Krikner said. "I got the coffin because I had understood my boy had been drowned three days ago. A special permit from the Pasadena Corner allowed me to take it with me."

Roscoe, the son thought dead, is safe at his home here after a strenuous trip in the mountains near Chilquet Lake, in which he became lost in a heavy storm and was reported drowned in the lake.

SANTA MONICA, July 20.—With \$2,000,000 worth of building permits issued up to noon today, Building Inspector J. T. Peasgood predicted that the total for this year would exceed double this amount. The permits issued so far this year constitute a new record in the history of the city.

According to Miss Josephine Peasgood, secretary to Mayor S. L. Krikner, the permits issued so far this year are within \$200,000 of the total for the entire year of 1921.

"Last year," said Miss Peasgood, "12,000,000 worth of permits were issued. At the close of business today a total of \$2,017,115 worth of permits had been issued."

Which construction that we know is on the way, we feel sure in saying that at least \$4,000,000 worth of permits will be issued before the end of the calendar year.

Today's permits totaled \$1,077,378, the largest being for the construction of the new McKinley school, which will be erected at Chelsea and Santa Monica boulevards at a cost of \$170,000.

A permit was issued to the Southern Counties Gas Company for the construction of a brick office building at 1247 Fifth street to cost \$34,000.

LONG BEACH, July 20.—A. L. Server, director of public service in Long Beach, has found a new commercial use for the airplane. According to present plans of the department here, a plane will be employed to make an aerial survey of the proposed Long Beach-Pasadena Boulevard, now under consideration by the regional planning conference.

The new highway will cut five miles from the present distance by motor to the city of the foothills, it is said. The tentative plans provide for a route out of Long Beach via either Cherry avenue or Alameda avenue. This point will be determined by the city authorities.

Presbyterian Synod Hopes for Banner Year

Delegates of Two States Enjoy Excursions

PASADENA, July 20.—Fifteen hundred dollars and a house is the minimum a Presbyterian minister should receive in California or Arizona, in the opinion of a conference of the joint synods of these two States, in session at the Presbyterian Church here. The conference on church standards preceded the meeting of the synods proper, and made a report to the joint synods.

Dr. Warren Hall London, retiring Moderator of the California Synod, opened the session, which lasts for eight days, tonight with a sermon, taking his text from a verse in the book of Isaiah: "I will move me, neither count I my life dear unto myself, nor will I cherish my person."

The moderator said in part: "In these summer days when we are enjoying the beauty and peace of the mountains, we are reminded of the words of the Lord Jesus to his disciples: 'I have received of the Father that I should give unto you, that ye may have life, and ye shall not be condemned, but ye shall have the life everlasting.'"

"Many of us here tonight are here because we have received of the Father that we should give unto you, that ye may have life, and ye shall not be condemned, but ye shall have the life everlasting."

Lived Three Score Years in Southland

By a "Times" Staff Correspondent (REUTERS DISPATCH)

PASADENA, July 20.—Funeral services for Mrs. Kate C. Snyder, sixty years a resident of California and an early dweller in Pasadena, have been arranged for Saturday at 10 a.m. in the chapel of F. Dwight Burnham, 317 Lincoln street.

Mrs. Snyder died late last night, aged 69 years, at her home, 124 Chestnut street.

Mrs. Snyder was the widow of Dr. David C. Snyder and came West with him via stage coach, in 1862. They had a narrow escape from Indiana. After the death of her husband, twenty years later, she moved from Los Angeles to Pasadena. In Los Angeles Dr. and Mrs. Snyder occupied a house at the site of the Broadway Department Store. Mrs. Snyder saw the first train pull into Pasadena.

She leaves a niece, Mrs. E. H. Gist of Orest, two nephews, Dr. Jesse Horton and C. C. Horton of Los Angeles, and a brother and sister in Illinois.

## DAILY TRADE TALK

Condition of Retail Trade; Price War in Tires; New Bond Issues; Another Bank Opens

The condition of retail trade in Los Angeles as revealed by a summary of reports from six representative department stores was made public yesterday by John Perrin, Federal reserve agent. The figures show an appreciable rise over the corresponding month last year, but fell considerably below the phenomenal record established in May.

Net sales increased 7.1 per cent over June, 1931, and decreased 1.1 per cent as compared with the preceding month. For the half year period there was a net sale increase of 8.3 per cent over 1931. Stocks showed a decrease of 5.1 per cent at the close of June, as compared with the corresponding date last year.

The percentage decrease of stocks at the close of June, 1932, compared with stocks at the close of the previous month, was 4.5, and the percentage of average stocks at the close of each month this season to average monthly net sales during the same period was 42.5. Percentage of outstanding orders at the close of June, 1932, to total purchases during the year was 11.3.

**PRICE WAR IN TIRES**  
The extensive price-cutting war now being waged in the tire industry is beginning to have visible effects on the earnings of the companies concerned. Local stockholders of the Goodyear Tire and Rubber Company of California are particularly interested in how the profits of their own company have fared since the reductions started last June, but so far no official earnings figures have become available. However, a stock market survey current in the industry stated that Goodyear of California's net profits have been cut nearly in half during the past six weeks, despite the fact that the company is producing more tires than ever before, and is meeting with a ready market for its products.

The chief factor behind the present price war is the insistence of tire manufacturers in maintaining large production. The consumption has been holding up unusually well, and is far ahead of 1931. Under normal conditions, price cuts would be unwarranted, but producers have been forced to take such action because production has been outstripping demand.

Since the beginning of the current year surplus stocks of pneumatic casings have been increased from 4,174,514 to 5,464,534 on May 1. Since then 1,000,000 more casings were produced in May and 1,500,000 tires, a new production record, were turned out in June. A year ago inventories included 4,517,448 pneumatic casings.

Until a large portion of this supply has been liquidated, there can be no change for the better in the price situation. Another thing that complicates matters for the near future is the fact that the seasonal peak of tire consumption will soon be passed, and the market may begin to discount the winter dull season.

In many cases the cuts in tire prices have not yet been handed down to the consumer. An attempt has been made by some manufacturers to encourage the downward movement. One company, for example, instead of blunting a pronounced price reduction is offering an inner tube free with every tire sold, while others have increased the dealer's marginal profit in an effort to stimulate sales.

Tires now are being made at a much smaller margin of profit than in recent years and if there is an era of intense price competition, as it appears there will be, the result undoubtedly will prove serious to many of the small, one factory manufacturers. However, while the lower prices will, of course, reduce profits, the financial statements for the current year should show a rather marked improvement over those for 1931, due to the absence of the heavy inventory losses which marked the business last year.

The movement of Goodyear of California preferred has been marked of late by its inactivity. It sold on January 1, at 87 1/2, and advanced to a high of 93, but has been gradually sagging from the high levels set during the first part of June and has held around 90 for the past week, at which figure it closed yesterday.

**SAN FRANCISCO FEETED**  
San Francisco has a "mad" which she expresses officially through her Chamber of Commerce and less formally in business correspondence. It apparently having been agreed to spread the tidings as thoroughly as possible.

It appears that some enemy caused the information to be circulated that arrests for intoxication were materially less by the year than was the case preceding the enforcement of the Volstead Act.

This indictment of sobriety is too much—much too much—for Mayor Rolph's health, and with much hollering or whining and he it resolved, it is agreed that "the total monthly arrests in San Francisco for intoxication have steadily and rapidly increased since the first month of prohibition from 109 in October, 1919 to 787 in May, 1932."

Wherefore it is duly "resolved," that the above information be given to the press and others, with request for appropriate publication throughout the world, so that the truth may be known.

The resolution of which excerpts are herewith reproduced was adopted unanimously July 19, and is signed by the chairman and secretary of the Grain Trade Association of the San Francisco Chamber of Commerce, and will leave it to Old Bill Jones if it doesn't run away with the pluck covered nut cracker.

**NEW BOND ISSUES**  
The bond market is enjoying a renaissance of buying activity which has been particularly notable in the huge over-subscriptions of the new offerings of railway equipment issues. Local dealers report a somewhat stagnant market, due to the influence of the vacation season, but say that prices for California flotations are firm and the general undertone is good.

Two new issues appeared on the Los Angeles investment market yesterday, a syndicate composed of Halsey, Stuart & Co., Palmer, Webber & Co., S. A. R. Leach & Co., and Cyrus Peirce & Co., offered \$7,500,000 Central Indiana Power Company first mortgage collateral and refunding

per cent gold bonds, series "A," due 1947, at 95 1/2, to yield 6.35 per cent. An issue of \$200,000 Gennett Realty Company first mortgage 7 per cent sinking fund gold bonds was brought out by Banks, Huntley & Co. at 101, to yield from 8.10 to 7.30 per cent, according to registration date.

**BANK TO OPEN**  
The Central Commercial and Savings Bank, the new Hollywood banking institution, located at Santa Monica Boulevard and Vine street, will open for business tomorrow. An official reception will be held from 10 a. m. to 10 p. m.

**BARGAIN RADIUM**  
Radium, wonder element used extensively in the treatment of cancer, and in the laboratory of the physicist, has decreased in price from 15 to 20 per cent, according to announcement of the principal company extracting the rare mineral from the ore.

About 250 tons of ore are required to yield a single gram of radium. The ore is mined in Colorado and must be shipped to the continent to New Jersey for the extraction process, hence the cost of a gram of radium is a product of the cost of the ore, plus the transportation of 250 tons of ore, plus the process of extraction of the radium.

With the substance increasing in value to the extent of 20 per cent, used by physicians and others interested in its employment are wondering why it is not possible to erect an extraction plant in Colorado in order to avoid the need for the long haul of thousands of tons of ore across the country. The entire product of radium for the year could be carried comfortably in a man's pocket; why spend the money for coal and handling of the earth which carries the radium? Why not transport it at the mine mouth and extract the finished product?

**GOLD MOVEMENTS**  
Imports of gold during the twelve months ended June 30, as reported by the Department of Commerce, amounted to 14,683,000, or approximately \$170,000,000 less than during the preceding fiscal year. The net augmentation of the nation's gold supply, however, was greater than this would indicate, because of a decrease of 1,616,000 in gold exports, which aggregated only \$27,000,000.

Gold imports in June were valued at \$13,000,000, compared with \$45,000,000 in June a year ago, exports being reported at \$11,000,000, against \$773,000. Silver exports during the year at \$70,000,000, and imports at \$42,000,000, each registered an advance of about \$10,000,000. Since the close of the year the shipment of British treasury gold to this country has considerably swollen the national gold supply.

**THE COUNTRY OVER**  
(EXCLUSIVE DISPATCH)  
ST. PAUL, July 20.—The marketing of the excellent crops of the Northwest and the distribution of the winter's gold supply will be seriously hampered by the shortage of real equipment expected to result from the railroad executives here. Seventeen days of urgently needed repair work have been lost, and this cannot be made up in time to prepare adequately for the fall rush, even if the strike ended today. Two hundred men said in some instances today they were genuinely alarmed over the situation, as they feared the rapid reduction in business which had been well underway, had been retarded.

Harvesting of rice and wheat has begun in Minnesota and in Northern Iowa, with prospects of an excellent yield. Crop reports from numerous sources all forecast satisfactory production of grain, corn and potatoes through the Northwest.

**NEW YORK, July 20.**—Now that the American Woolen Company has blazed the price trail for spring lines of woolen and worsted for 1932, activity is expected both in retail and in the garment trades. The slight increase in price by the leading interest, amounting to only about per cent, caused some surprise in manufacturing circles but were well received by the garment trades who had feared a check to buying by the consuming public if prices at retail were materially advanced. It is estimated that the advance on the cost of cloth in a high grade suit will not exceed \$1.

There is little interest in the markets for raw materials such as wool, cotton or silk to indicate materially lower prices and prices for finished products have become more settled.

Leather and hides continue active at further price advances, and shoe manufacturers in this region are well booked up. Color factories are getting back to normal production and makers of corsets and brassieres report a slight but steady increase in business. Millinery houses are doing a fair trade for fall.

**PITTSBURGH, July 20.**—An increase in production of the principal industries of this district is not expected this month. This is due to the existing labor conditions. Industrial plants are still receiving enough coal to maintain production, but the rail strike has raised new barriers to additional distribution. However, preparations are being made for an active autumn in the belief that the labor situation has reached a point where the solving of disturbing problems will be forced. This trend is evident from the purchases of wholehides and steel for the fives expressed by heads of industries.

Iron and steel production is holding up well. Merchants have reduced their stocks in a seasonal manner. Summer goods have been bought on a liberal scale and cutting of prices to clear shelves has been less pronounced than usual.

**IN BANKRUPTCY COURT**  
A petition was filed in the U. S. District of Pacific, Fresno county, to declare the bankruptcy of the Central Bank of California. The petitioning creditors were the Marine Bank of California, \$125,000; Bank of America, \$125,000; Bank of Los Angeles, \$125,000; Bank of San Francisco, \$125,000; Bank of New York, \$125,000; Bank of Montreal, \$125,000; # SAYS SUSPECT BOUGHT PISTOL

Clerk Reveals Purchase by Mrs. Phillips

Sale Dated Two Days Before Hammer Murder

Defendant Identified as Buyer of Gun

(Continued from First Page)

buy a whole box. As I remember it now, she took the bullets and placed them in the box with the gun. Our sales records will show this," Mr. Hanes told the officers. Edward Tuffs, president of the company operating the store, ordered a search of records for the sale slip, which will show the exact number of cartridges bought with the gun.

The duplicate record of the sale of the gun, located by The Times with the assistance of Captain of Detective Grant, shows the following:

Description of arm, automatic pistol; make, Smith & Wesson; number, 341120; caliber, .35; name of purchaser, Mrs. A. L. Phillips; age, 27; permanent residence, 225 West Fifty-second street, city; height, 5 feet 8 inches; occupation, housewife; color, white; hair, fair; eyes, blue; hair, brown.

The signature of purchaser was "Mrs. A. L. Phillips."

Clara Phillips and her husband have always insisted that the prisoner is only 25 years of age. They have admitted to having been married for the last nine years, but have said that they were married when Mrs. Phillips was only 14. If the record of the sale of the revolver is correct, Mrs. Phillips was 18 when she became the bride of the slayer.

## IMPORTANT LINK

The purchase of this gun verified certain information in our possession," the officers working on the case declared last night. "It is an important link in the chain we have assembled and we believe it is but another verification of premeditation in this crime. While we cannot at this time state just what evidence we have in this matter, we will be able to prove that Mrs. Phillips purchased the gun and the murder of Mrs. Albert Meadows was a definite connection," they said.

A hint as to the probable nature of the evidence assembled by Sheriff Traeger's men in this respect was contained in the statement made by A. L. Phillips, husband of the suspect, to the officers on the case shortly before Mrs. Phillips was taken of the train at Tucson.

## EXPERT SHOT

"I have six guns at my house," he is quoted as saying to the officers. At another time he told the deputy sheriffs that Mrs. Phillips, who was born and raised in Texas, was an expert shot and could cut an apple in two with a six-shooter at several hundred feet.

"I wish I was as good a shot as she," he was heard saying in the Sheriff's office, while in custody of deputy sheriffs. The officers point out that the type of gun bought by Mrs. Phillips could have been purchased out for one purpose—that of carrying the weapon around without chances of detection.

No trace of the weapon was found by officers in their investigation. At the time Mrs. Phillips, in his recital of the events preceding the slaying of Mrs. Meadows, told the officers everything about the gun, Deputy Nolan and Deaver say.

An attempt to learn what had become of the pistol, or what Mrs. Phillips said about it to her husband, or anyone else, will be made by the officers today.

## SOCIETY DAMES ENTER BUSINESS

(SPECIAL DISPATCH.)

SANTA BARBARA, July 20.—Montecito leaders are entering commercial life in Santa Barbara, not a whit behind Miss Muriel McCormick, of Chicago, whose venture in the East has caused a flutter.

Mrs. C. C. Park, one of the wealthiest women of Montecito, assisted by Mrs. Redington Wilson, member of an older wealthy family, has opened the Hat and Gown Shop here and are said to be making a genuine success.

It is also reported tonight that Mrs. William Miller Graham and her daughter Geraldine are soon to open a shop where costly antiques will be on sale. They have recently returned from an extended tour of the old world and are said to have made valuable connections there and in New York which will prove invaluable in the venture.

## STUDENT OPERATOR HURT BY ELEVATOR

(SPECIAL DISPATCH.)

SANTA ANA, July 20.—Learning how to operate an elevator today caused painful injuries to William Middlebrook, 15 years old, who is in a serious condition at the Community Hospital.

He has a fractured wrist, dislocated collarbone, fracture of four ribs and possible internal injuries. The lad was watching his brother Gordon, aged 16 years, in the operation of the elevator in a local office building planning to act as relief operator later.

He stepped from the car and started upward, but apparently changed his mind and started to leap into the car, when he was caught.

The initial cost is the final cost.

# "Mystery Girl" and View of Phillips Arraignment

Supposed Seller of Deadly Hammer

The "mystery girl" of the Phillips case, photographed on the street with Deputy Sheriff Frank Deaver while on her way to Judge Houser's court when Clara Phillips was arraigned on the charge of murder.

## CLARA HELD INNOCENT

"After Talking to Her, I Am Convinced She is Not Guilty of Crime," Declares Loyal Sister

In the home where Clara Phillips formerly lived with her husband and mother and sister before she was placed in the County Jail charged with first-degree murder, the tiny gray kittens have just opened their eyes. They belong to Clara. They were born the day before the commission of the crime for which their mother is held.

The small kittens go through life unupset until their mother is free to come home and give proper titles, according to Clara's sister, Miss Ola Weaver.

"Clara asked me about them when I went to see her the other day," Miss Weaver said yesterday. "She was mighty happy when I told her they were plump and fat, and had their eyes opened. We talked about them for a long time. Clara has always liked animals and flowers. We talked about our new flowers, too. She helped me when we first put them out. They're blooming now and so beautiful, and Clara isn't here to enjoy them."

Clara loved all the little things around a home, which she made it a home. She was loving and kind. The people, I know, are saying that she is a murderer, but they are judging her by something of which they do not know—whether or not she is guilty."

Miss Weaver talked in low tones so the aged mother could not hear.

## PRIZE WINNER TELLS STORY

come to me that way. At breakfast I'd tell the family what I meant to do and I'd get one subject of conversation. Subsequently I cooked them, ate them, talked them—then dreamed about them. I wrote letters until I'd completely covered my list. Then I telephoned and made personal calls. I followed urgent letters with special deliveries when an offer was drawing to a close. Why, I even telegraphed at the last minute.

EXHILARATION IN WORK

"I never lost sight of that automobile. It was the goal for which I worked."

"And I was so happy—there was such an exhilaration in it. In all the work I never was tired a minute. I was too busy. I was so interested I couldn't stop. The time seemed so short. The days flew by."

Mrs. Terrell's eyes danced merrily at one happy recollection.

"You know, I'd go down every once in a while and tease the campaign manager to tell me just what chance I had of winning. He was the head-hunter and he'd never let me know. I couldn't live another minute. But I did."

"I never will forget that last day. The machine talk about 'treasured finance.' I was a frenzied candidate. I worked furiously."

"At a quarter to nine I started out to get a street car. I begged my husband to telephone that I was on my way, and not to close the door till I got there."

A RACE WITH TIME

"Oh, that campaign manager! He said the door would be shut at a half past nine. I ran down the street after me to tell me. I waited a few minutes for the car, you know how it is! There never is a street car when you want one. I didn't dare wait any longer. So I started to walk—fast. Then I walked faster. Then I got scared. I began to run. I just couldn't be late. I ran all the way—dashed up the steps of The Times like a fleeing criminal. Somewhere a clock began to boom. It was striking nine. Down the hall I flew—and just fell in at the door."

Again Mrs. Terrell stopped. Her cheeks were flushed and her eyes bright. She had relived that last vivid hour.

"Oh, the car! Of course I won it. I never had anything that made me so happy. Dear little car! It carried me thousands of miles. My husband and I have had more real joy from that automobile than anything we ever owned. Such a sturdy, depend-

# "NOT GUILTY," WOMAN'S PLEA

Mrs. Phillips to be Tried in September

Hammer Slayer Suspect Shows Defiance

Mystery Witness Tells of Hammer Purchase

With the plea of not guilty entered yesterday morning in Judge Frederick W. Houser's Superior Court by Clara Phillips, charged with the murder of Alberta Trains Meadows, 30-year-old widow and bank employee, and the case set for trial September 18, the formal steps required by law are being mounted by both defense and State attorneys.

Clara Phillips faced both prosecuting attorney, in the person of Thomas Woolwine, and a new accused witness when she entered the courtroom yesterday morning shortly before 10. The new witness found by investigators assigned to the murder case and who will be known as the "mystery girl" until the date of trial, her identity being withheld at her request, is the girl in the 5 and 16-cent store who sold Mrs. Phillips the hammer which, the State says, was used to beat to death the life of Mrs. Meadows. The new witness is said to be in importance to Peggy Caffee, a witness to the crime who accuses Mrs. Phillips with beating Mrs. Meadows to death.

PURCHASE OF HAMMER

At the time Mrs. Phillips bought the hammer in the presence of Peggy Caffee she weighed it in her hand saying to the girl clerk: "Is this heavy enough to kill a man with?"

The clerk, thinking it was a jest, replied: "It was if used with sufficient force."

A space was kept cleared in the courtroom between Mrs. Phillips and the "mystery girl" in order the former might have a view of the girl she is charged with having purchased the hammer from. The witness was accompanied by her mother and Deputy Sheriff Frank Deaver. Whether she identified Mrs. Phillips as the purchaser of the hammer or not is being kept a secret by the Sheriff's office. She was not allowed to make any statement in the courtroom pertaining to Mrs. Phillips for fear of being overheard.

SEEMING RECOGNITION

Mrs. Phillips had been in the courtroom a very few minutes when she seemingly recognized the "mystery girl." For several minutes the accused woman stared at the witness, then the emotion which appeared to have suddenly turned in her eyes, died away. Turning her head and facing Judge Houser, she once again became the cool and unemotional woman which has characterized her since her arrest.

When arraignment was called, Atty. W. S. Thompson of the defense stated to the court a demurrer to the indictment of murder had been filed on the general provisions of the statute. After overruling it.

WOOLWINE ASKS FOR PLEA

"This is the day set for your pleading. How do you wish to plead?" Dist. Atty. Woolwine asked the defendant, who stood before the court between her attorneys, Thompson and Al MacDonald.

"I wish to enter a plea of not guilty," Atty. Thompson stated.

"I want the plea from the defendant," Woolwine declared.

Without hesitation and her speech absent from any emotion, the accused woman looked into the eyes of the man who will probably ask a death sentence for her crime, and said:

"Not guilty."

She stood erect during the pleading and her attitude while the proceedings of the court went on was similar of her demeanor on many other occasions—that of being bored. As if to be sure she had not been mistaken in her first look at the new witness, she glanced at the girl-clerk several times without any change in her immobile expression.

Argument by the defense attorneys and Dist. Atty. Woolwine in deciding on a date for the trial took up several minutes after the plea had been entered. The defense attempted to have the date of trial delayed for four months.

## MORIBUND CROWDS

Mrs. Phillips was escorted to the courtroom by Deputy Sheriff Henry Donaldson and Matron Nettie Yaw. A tremendous crowd packed Temple street, the courthouse grounds and the sidewalks adjoining the Superior Court.

Shortly after noon, Mrs. Phillips was returned to the Superior Court to pose for newspaper photographers. She was accompanied by Sheriff Traeger, Under Sheriff H. B. Hall, Deputy Sheriff Frank Deaver and Joe Nolan, her attorney, her husband and Matron Nettie Yaw.

The photographers arguing as to what manner they wanted Mrs. Phillips to pose before Judge Houser's court amused her a great deal and she laughed aloud, saying "now just which way do you want me to pose?" She recognized a few newspaper men who had previously interviewed her in the county jail and spoke smilingly as she was taken back to her cell.

## PLAN TO GREET WILL H. HAYS

(Continued from First Page)

ing the banquet expect to fill the Ambassador's dining hall to its capacity of 2000 persons.

The public is invited to see and hear Will Hays on Saturday, the 19th inst., when a mass meeting will be staged in the Hollywood Bowl. Although this event is planned particularly to give everyone connected with the film industry—from the "extras" to the brightest stars—a chance to hear their leader's message, the public will also be welcomed.

WILL BUY HATS

Miss Lynn C. Bremer, buyer of millinery for Myer Riegel & Co., left New York, where she will be in the market several weeks, for the new fall merchandise.

Hiram Johnson is about to turn to California. His center is sure.

Piggly Wiggly is a new store on the market. Sounds like a time story.

Over in Brittany the fox tango are taken. They do things very well over there.

The Republicans of California are preparing to decorate Johnson with the Order of Raspberry.

A new verb has been introduced into the language—to swindle to fondle, to jolly, to sit on lap, etc., etc.

The delegates to the national dental convention ought to be a good time. Everybody is having fun.

Candidates are announcing themselves for the favor of the people. How their ears beat warmly for their native land.

It is understood that the bill will not be called into session until the expiration of the session August 15. We shall manage it how.

Whether the railway strike will succeed, the Democrats will see in either result a loss of votes to the Harding administration.

A local genius has invented a cash register that only shows large figures. He hopes to make a market among the cafe and saloon men.

In the old-fashioned days hair of the young woman was "shingled" and not "bobbed" she was the subject of much neighborhood.

Busch, the former brewer, comes press agent. His reputation about the Lasker ship enough to keep the passengers full for a dozen years.

Since the result of the primaries Senator Porter J. Cumber is not so all-fired elastic about that bonus provision. He is taking time to consider.

As to the mining strike, President Harding is of the opinion that the way to resume operations is to resume. That's what the Sherman said about the regulation of specie payments.

A woman more than 80 years of age is preparing to enter State University. After she completes her course and secures employment she will not doubt over her first salary is her pension.

The primaries of Tuesday, August 29, are of the utmost importance, but you cannot vote unless you are registered. This must be done on or before July 31, the first duty of every citizen register and vote.

If Jess Willard makes a showing in his coming fight, it will be necessary to change regulation rings. Jess will not disport himself properly in a four-foot inclosure; there will not be room for anybody else.

Have you noticed the wildness of frenzied enthusiasm over California as a result of contest between Thomas Woolwine and Matthew B. Duke of Glendale for the democratic gubernatorial nomination? Neither have we.

Imperial county is having a record cantaloupe crop, but some of our nature is so busy turning out the product that she has forgotten to pick the usual musk and deliciousness. But too much should not be expected.

**THIS IS THE DAY**  
In 1861, on the southwest of Bull Run, a little river that flows into the Potomac, the forces suffered the most disastrous defeat of the Civil War. "Stonewall" Jackson's first greatest victory.

Gen. Joseph E. Johnston, Confederate army of 15,000 men, was holding Magazine, an important railway junction. He was a Union army of 10,000 men under Gen. Robert Patterson. Washington was assumed to be a Union army of 50,000 men, commanded by Gen. Irwin McDowell. The North and the South were in a state of tension. The army could put down the rebellion in four months.

McDowell was ordered to an offensive. As a poorly equipped and inadequately armed army, the northern army, which finally met at Bull Run, each numbered about 30,000 men.

McDowell got the start. The troops crossed Bull Run early morning before dawn. The Confederates were not ready. The battle was a Confederate victory. The Union army was broken. The Confederates were victorious. The battle was a Confederate victory. The Union army was broken. The Confederates were victorious.

He commanded from Virginia, out waiting for the Union army. These splendid fighting men, the thickest of the Union army, went up from the western coast. "Look! There is Jackson with like a stone wall!"

Then for the first time the war was heard the "Rebels" and the "Yankees" were in the rear of the Union army. The battle was a Confederate victory. The Union army was broken. The Confederates were victorious.

The battle was a Confederate victory. The Union army was broken. The Confederates were victorious. The battle was a Confederate victory. The Union army was broken. The Confederates were victorious.

### ENGINEER OF ESPEE SUCCUMBS

Alexander Fraser, Bridge

Builder, Dies in Hospital

After Operation

—After forty years of service with the Southern Pacific Railroad as a construction engineer, Alexander Fraser, pioneer Angeleno, passed away in the San Francisco Southern Pacific Hospital late Wednesday night, following an operation for appendicitis.

At the time of his death Mr. Fraser was superintendent of bridges and building for the San Joaquin division of the Southern Pacific.

Mr. Fraser leaves a wife, Ethel S. Fraser, who resides at the family home here, 1329 West Twelfth street; a son and daughter, Donald S. and Mrs. Kate F. Williams, also reside in this city. A brother, Neal, resides in San Francisco, and two other brothers, James and George, live in Canada.

Los Angeles was the home of Mr. Fraser for the last twenty-five years, and he was one of the best known men in the employ of the Southern Pacific. He came to California forty-two years ago from Lorne, Nova Scotia, where he was born in 1859.

After arriving in California Mr. Fraser was employed as a bridge builder and occupied offices in the construction staff of the road until a few years ago, when he was made superintendent of construction.

### MOTORISTS ARE SAVED BY FAMILY

Two Men Win Freedom

from Jail Sentences Owing

to Home Ties

—Because they had large families to support, two motorists found guilty of reckless driving in Police Judge Richardson's court yesterday were given suspended jail sentences. A third violator of the city's speed laws was sent to jail for five days.

R. Ballester told the court that when he was traveling thirty-five miles an hour in his automobile at Santa Barbara Boulevard and Budlong avenue he was late to work. He failed to convince Officer Rogers, however, and was arrested for speeding. Judge Richardson sentenced him to thirty days in jail, but when Ballester pleaded for leniency on the grounds that his family would be in want, his sentence was suspended.

L. C. Brasher, head of the second large family, was sentenced to 180 days for reckless driving, when he was found guilty of having driven his automobile into another machine on San Fernando Boulevard. He also told the court that his family would suffer, and on condition that he would pay all damages and not drive his car for thirty days the judge also suspended his sentence.

For speeding in his automobile at Sixth street and Boyle avenue, A. Williamson was sentenced to five days in jail.

### Steady Ralph and Burch are Named in Suit

—When Dorothy H. Jennings wrote

another man that she was again on better terms with Sylvester E. Jennings, her husband, the other man replied that he almost fainted at the news.

"Watch your step, girls," read the letter offered in evidence in Judge McLucas's court yesterday where Mr. Jennings was granted a divorce, "and if you ever get to the point where you need a fellow like Arthur Burch or Steady Ralph, send me a telegram and I will come to the rescue by sending one of my friends."

Rivalry is at fever heat among the leading candidates. Jesse Martin, City Hall favorite, has a slight lead at present but Hyacinth Brown, Union Pacific candidate; Lucile Newton, retail druggist; Grace Mulcahey, of the Southern Pacific; Helene Holte, representing the picture industry; and Eloise Johnson, county candidate, are close behind.

### BANDITS KIDNAP AND ROB OIL STATION MAN

VICTIM THROWN OUT OF AUTO

AFTER GANG TAKES

MONEY

—Police officers of the Lincoln Heights Station, were investigating late yesterday a report made by R. J. Friend, in charge of an oil station at 801 San Fernando Road, that at an early hour yesterday morning he was bound, gagged and kidnapped by four armed auto bandits and then robbed of \$15.

Friend stated that after the robbers took the money from his pockets they threw him out of their car on Whittier Boulevard. Extricating himself from the robe with which the bandits had tied him, he staggered to a near-by residence and telephoned the police.

Hence These Unusual Attractions for Friday

**Extraordinary Hat Sale**  
42 French Hats, \$10.00  
175 American Hats, \$7.50

42 of the Hats are from Paris, bearing the names of well-known French makers.

About half of these French models are velvet and felt Hats that are the advance styles for autumn-fall Hats of great beauty.

The remainder of the Hats—175 of them—are from the ateliers of American makers. This is Dress, Semi-Dress and Sports Millinery of straw and taffeta.

All the Hats are taken from regular stock and greatly reduced.

The 42 French Hats are reduced to \$10.00.

The 175 American-made Hats are reduced to \$7.50.

THIRD FLOOR

**Silks—1000 Yards 40-In.**  
Reduced to \$1.95

FOULARDS—plain and twilled, Cinderella and Radium Silks, 1000 yards altogether, have been marked down for Friday to \$1.95.

The grounds are of navy, gray, black, brown or Copenhagen, with stripes, dots, scrolls and other figures in contrasting colors. They are all silks of the better quality much in vogue for summer wear.

All are full 40 inches wide and, for this Sale, \$1.95 a yard.

SECOND FLOOR

**Chiffon Broadcloth**  
450 Yards at \$2.45

THIS quality of Chiffon Broadcloth has been a standard one at Robinson's for many years. The many women who know it will want to take advantage of the low price at which it is marked for Friday of the July Clearance. This lustrous, close-napped fabric may be had in practically every shade but white.

For Friday, \$2.45 a yard.

SECOND FLOOR

**Fancy Imported Home-spuns at Less Than Half Price, 85c**

UNDOUBTEDLY one of the season's most popular fabrics, these fancy Imported Home-spuns and Ratines will be offered at less than half their original price. There are stripes, checks and plaids of many different sizes and shades as well as black and white combinations.

For Friday only—1800 yards, 38 inches wide, at 85c a yard.

SECOND FLOOR

**6000 Yards Camisash Ribbon 9 Inches Wide at 38c**

THIS Ribbon is a special purchase for July Clearance. It is as beautiful as it is new—of a quality that satisfies.

It is 9 inches wide and may be had in colors; navy, chin chin (a greenish blue), henna, dark brown and that glowing shade so popular this summer: tangerine.

For Ribbon of so liberal a width to have so low a price is remarkable. For the first time, on Friday, 6000 Yards of Camisash Ribbon will be available at 38c a yd.

FIRST FLOOR

**Smart Leather Handbags**  
85 Reduced to \$2.95

SWAGGER Bags and Envelopes in attractive combinations of black with brown, blue or gray, in plain black vachette and cobra grains, are fitted with mirrors and coin purses, and some with safety pockets. It is seldom that Bags of such quality and attractiveness are to be had at so low a price. They are worth more, but for Friday will be \$2.95.

FIRST FLOOR

**Women's Fine Lisle Broken Sizes, \$7.50**

ONE and two-strap Pumps and Sports Oxfords (104 pairs) make up this group of smart Shoes, that because of broken sizes has been marked so low for Friday.

There is black satin, black kid, patent leather and gray buck from which to make a choice. All will have the one low price of \$7.50.

FOURTH FLOOR

**Beach Parasols \$4.35**

A BEACH Parasol at the July Clearance price soon pays for itself in comfort and convenience.

75 Beach Umbrellas with jointed handles are shown in all the wanted colors and combinations. They are exceptionally low priced at \$4.35.

FIFTH FLOOR

**Boys' Knicker Wash Suits, Norfolk Style**  
Now \$5.00

THERE are just 82 of them—sturdy summer Suits that are light weight and cool, and Friday they will be shown for the first time at the greatly reduced price of \$5.00.

Crash, duck and Oxford cloth in white, natural shades and gray mixtures are the materials. The style is the popular Norfolk with all-around belt and patch pockets. Practical Suits that boys like for all-round wear. Sizes 6 to 15 years. Friday, \$5.00.

**Boys' Roll-Top Hose at 50c**

**Boys' Athletic Union Suits at 75c**

THE ideal Union Suit for summer wear. Made of cool though durable sailcloth, and cut full to allow the utmost freedom. It may be had in sizes 24 to 34 at just 75c.

**One-Piece Pajamas Frog Trimmed, \$1.50**

BOYS' summer weight Pajamas of a well-known standard make may be had in plain colors or in fancy stripes. They come in one-piece style cut with the coat effect of the two-piece models. All have the drop seat.

Sizes 4 to 18. Priced at \$1.50.

BOYS' SECTION—FOURTH FLOOR

**250 Men's Fine Wool Bathing Suits, \$2.50**

MADE of the finest worsted, these Bathing Suits are worth a great deal more than their Friday price. They come in all colors with fancy skirt and chest stripes, in sizes 32 to 48.

Friday, 250 will be marked very low at \$2.50.

THE MEN'S SHOP—FIRST FLOOR

**Men's White Madras Shirts, Sizes 15½, 16, 16½ Only, 150 Reduced to \$1.00**

FULL cut, with four-ply neckband. French cuffs and good buttons—all the marks of the higher priced Shirt. These white madras Shirts are regularly priced at considerably more. Their sizes are limited to 15½ to 16½ neckband. Friday, they will be offered at \$1.00.

THE MEN'S SHOP—FIRST FLOOR

**Items in Ready to Wear**

AMONG the many extra values offered in July Clearance are:

Sports Capes  
Novelty Sports Suits  
Three-Piece Suits

Wool and Silk Skirts greatly reduced, priced at \$5.00 to \$6.75.

THIRD FLOOR

**New Frocks at \$27.50 and \$35.00**

THE Frock sketched (the one with the boat neckline) shows the youthful charm of half-fagoting on the skirt and upper part of the bodice. \$27.50.

Others are of crepe de chine and satin-back tulle. Some are beaded. A number are tucked or have pleated drapes. They are not reduced, but a new, special purchase of 30 Frocks, to be marked at \$27.50.

Crepe de chine Frocks in black, navy and white are in the late styles for midsummer and early autumn. One is sketched. In a large range of sizes, 40 Frocks are priced unusually low at \$35.00.

THIRD FLOOR

**600 Lingerie Gowns Featured at \$1.45**

ONE may be accustomed to buying Gowns—even ordinary Gowns—at much higher prices, but one should see these before dismissing them as unworthy because their price is so low.

A special purchase secured for the July Clearance, every gown is of a quality and fineness that the most particular woman will appreciate. Fine muslin and batiste are the materials used. They are made in slip-over style with round, V or square necks, with or without sleeves. The tailored models are finished in hemstitching, while others have lace and embroidery trimming. There is a choice of blue, canary and flesh, as well as white in the colored Gowns.

Friday, 600 Lingerie Gowns very low priced at \$1.45.

FOURTH FLOOR

**300 Women's Ribbed Lisle Vests, Extra Long \$1.00**

THE fact that these Swiss ribbed mercerized Lisle Vests are extra long will be appreciated by particular women. They offer a choice of choice or regulation shoulder at just \$1.00.

FOURTH FLOOR

**Girls' Gingham Frocks Reduced to \$5.00**

## SOCIETY

BY VIRGINIA WOODS

To Entertain Fifty-Five.

Mrs. Kiel Pulliam is arranging a tea for next Thursday afternoon at the Los Angeles Country Club, when she is to entertain eighty-five guests. She is planning it in honor of Miss Dorothy Middleton of Lexington, Ky., who will arrive next Wednesday to be her house guest, and for two young brides, Mrs. McClary Harrison and Mrs. William Estell Moore, who have come from Lexington recently to make their homes in Pasadena. The day after the tea Mrs. Pulliam and Miss Middleton will go to Catalina for a ten days stay.

Mrs. Rodman is Hostess.

Mrs. Rose Haverham and Mrs. H. B. Wing who have just returned from a stay at the Wing ranch in Northern California were honor guests at a most enjoyable tea at which Mrs. Wiltonby Rodman entertained at her home on Orchard avenue. There were twenty guests.

Going to La Jolla.

Mrs. and Mr. Willard Arnett and their children are leaving shortly for La Jolla where they will spend the summer. They are just back from Berkeley where they visited her sister, Mrs. W. W. Whittego. They stopped en route home at Del Monte and at the Sanborn Hotel in Santa Barbara visiting Pebble Beach for the tournament.

From Montecito.

Mrs. William H. Bliss of Montecito is arriving today by motor with a company of twelve whom she will entertain at dinner and then attend the Pilgrimage Play, "Life of The Christ."

Social Leader Returns.

Friends of Mrs. John Percival Jones will be rejoiced to learn she is in Los Angeles for the summer. For many years Mrs. Jones was leader of the Los Angeles society and was equally popular in Washington, D. C., when she resided there at the time her late husband was a member of the United States Senate.

## Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health, with Key to the Calories"

Chapter XVIII  
OLLA PODRIDA

Olla podrida, that is Spanish and means a little of everything. I never have told you about my nursery and a lot of things that are important for you to know, so today I shall try to get a few of them off my mind.

I realize that I talk to a lot of you dear young mamas like my dear wonderful Cherie, who do not know much about the species of man known as baby and so my responsibility is very great.

First, my nursery! I have a room that has a lot of fresh air and sunshine, for fresh air and sunshine are very necessary for me. There is never a minute of my life that I do not breathe the good air. My lungs are full of it all the time and when I cry right lustily—which I do once or twice a day, for the reason of my lungs—I can just feel them expand and my chest growing.

The first month of my life the dark curtains were pretty well down. For my eyes, like all babies are very susceptible to light. Even though I am getting along in weeks my Cherie is very careful not to have the sun or the electric light shine directly on them.

The floor of my nursery is not carpeted, but there are a few washable rugs placed around. There is no unnecessary furniture and no upholstered pieces. No draperies. Nothing to catch and hold the dust.

Everything is planned in my nursery to protect a precious jewel, me!

We have an open fireplace for heating. There will be a guard put up when I am old enough to begin my research work.

My mother does not want me to be burned up.

Our doctor says that gas stoves and gas burners are dangerous in a nursery because they use so much of the oxygen of the air and they are likely to produce a little

home by her three young grandsons, David, John and Colin Farquhar, sons of Mr. and Mrs. Robert Farquhar. The family are occupying the Harvey Mudd residence on Fourth avenue.

To Beach for Summer.

Mrs. and Mr. William M. Loftus of 671 South Berendo street, are moving to their summer home at 184 Georgia street, in Santa Monica for the summer. They have as their house guest, Miss Pauline McKinley of Millville, Ga., who will remain until the autumn.

Denver Favorite Here.

Mrs. Whitney Newton, prominent in Denver society, is visiting in Los Angeles and is at the Alexandria Hotel. Mrs. Newton is arranging a tea for next Wednesday afternoon at the hotel.

Luncheon at Aunandale.

Mrs. Benjamin Franklin Perkins, who has recently returned from a cruise of the Mediterranean, was the guest of honor at a luncheon at which Mrs. Albert Sherman Hoyt entertained on

Wednesday at Aunandale Country Club.

Besides Mrs. Perkins the guests were Mrs. Robert London, Mrs. Alexander B. Barrett, Mrs. Gen. Hain, Mrs. John Marshall, Mrs. Fretway Bixby, Mrs. Albert Miller, Mrs. Stephen Harrison, Mrs. William Meade-Orr, Mrs. Chester Turner, Mrs. R. D. Shepherd, Mrs. John Lackie, Mrs. George E. Waldo, Mrs. A. B. Howard, Mrs. Chapin, Mrs. Q. Q. Buntin, Mrs. Ernest B. Rivers, Mrs. Clara Bryant Haywood and Mrs. Osborne.

Home from Wedding Trip.

Mrs. and Mr. Raymond S. Taylor (Edna Schneider) have returned from a six weeks' honeymoon trip, which they made by motor through the Eastern States. They visited New York, Pennsylvania, Massachusetts, New Hampshire, Connecticut, Rhode Island and other states. While in Philadelphia they visited Mr. Taylor's mother and sister.

Here from San Antonio.

Mrs. R. S. Howard and her attractive daughter Miss Eileen Howard, prominent in San Antonio society are here for the summer and have taken apartments at the Rex Arms. Miss Howard is a talented artist and studied with the greatest teachers in New York and elsewhere.

Leaves to Join Mother.

Miss Helen Slater, a charming young bud of San Francisco, who has been visiting Miss Elizabeth Taylor and Miss Hortense McLaughlin, returned to Santa Barbara last evening to join her mother, Mrs. U. M. Slater who is there for the summer.

Invalid Convalescing.

Mrs. William Lee Karnes of Arden Boulevard who has been ill several weeks is now able to be up. Her son, Edward D. Lyman who has been in Omaha, Neb., and in Kansas City the past few weeks returned home yesterday where he will remain until the last of next month when he will return to the University of California.

In New York.

Mrs. Walter C. Burke of this city who is spending the summer in the East has been much feted and is now at the Waldorf Hotel after spending some time with friends in Magnolia on the north shore in Massachusetts.

## HOUSEHOLD SUGGESTIONS

Old Brooms

Don't forget to cut off the handles of your old brooms before throwing them away. They are useful for clothes bars in your closets.

Soiled Mattings

If the matted does not look as fresh as it might, hang it over the clothesline on a clear day and wash thoroughly with the hose.

Coffee vs. Dye

Shades of tan and yellow are very likely to fade and become uninteresting. Add a cup of strong strained coffee to the rinse water and see how much brighter the material looks.

To Hang Sheets

To hang sheets in a way that will prevent whipping the corners and lessen wear and tear, shake them well while hanging and then with the hems together and the hem edge pinned to the line.

Avoid Boiling Over

A small piece of butter added to the water in which rice or lima beans are cooked will prevent their bubbling over.

Damp Weather

Often the oil stove will rust in summer time. If you apply linseed oil with a damp cloth and sandpaper any remaining spots.

Save the Seeds

Nasturtium seeds are splendid substitutes for capers in sauces. They will also add flavor to the chowchow or sweet pickle.

Crisp Cookies

The only way to prevent cracking and crumbling cookies is to keep them in air-tight boxes, wrapped in paraffin paper.

Soap the Boiler

It is a good idea to rub the wash boiler with soap just after it has been emptied and is still warm. This will prevent rust and will make splendid suds when filled again.

Speckled Lemons

Always remove the small brown spots on lemons before grating. Soak the lemons for fifteen minutes in cold water and scrub with a vegetable brush and the specks will come off.

Pickles

Remember when making chowchow or sweet pickle that pickles will become soft and lose their crispness if heated too long in the vinegar.

A Snappy Thought

Instead of tacking the cuffs of a dress to the sleeves to hold them back, attach them with snaps. You will have much better-looking cuffs after laundering if you do.

A Guest Book

A "guest book" is an interesting article to have in the house. Have guests who stop with you write their names and date of visit in that little book as the years go by.

Last Year's Sweater

To clean a white knitted sweater or shawl place the garment in a bag of salt and flour. Shake well. This will clean the article without the danger that attends soap and water.

## ORTHODONTISTS ATTEND RODEO

Stunts by Cowboys Thrill Convention Visitors

Delegates Form Pacific Coast Dental Association

Highly Technical Clinics to End Sessions

More than 2000 visitors to the national dental convention, which is being held at the Ambassador this week, attended the barbecue and rodeo at the Hollywood Bowl yesterday afternoon and evening. This was the last social affair of the convention.

Tom Mix and his thirty-five cowboys staged the rodeo and Spanish vaqueros lent an atmosphere to the affair of early California. All of the vaqueros were attired in Spanish style.

Roping, riding and all the stunts of an old-fashioned Wild West rodeo were on the program. The other feature was a barbecue of more than 2000 pounds of beef.

"CARMEN" ARTISTS SING

Shortly before the food was passed out a Spanish orchestra in the native costume of old Madrid played and Spanish dances were given by members of the Spanish colony.

The Philharmonic orchestra also gave a concert at the evening and a number of artists, who took part in "Carmen" produced at the Bowl recently sang.

After an excellent fireworks display and trick flying by the aviator, the orthodontists adjourned to the stage for the informal dance. The morning program of the convention was given over to technical discussions of dental work. Clinical work was demonstrated in the early afternoon.

FORM NEW ASSOCIATION

Dr. R. O. Schlosner of the Northwestern University at Chicago, gave an interesting talk and lecture dealing with the corrective side of dentistry. He showed a number of pictures of a woman who had, while young, lost a number of teeth from the same side of her mouth. This caused her jaw to become displaced.

By the use of scientifically constructed artificial teeth, we have been able to adjust this woman's face so that it is normal," said Dr. Schlosner, "and the difference which it made can easily be seen by these pictures."

"My work has been that of correcting facial deformities by the use of scientifically constructed teeth and I believe this work is as yet in its infancy."

At a meeting of the house of delegates the entire body of the convention, a plan for organizing a Pacific Coast Dental Association was perfected. The organization will take in the State associations of California, Washington, Oregon, British Columbia, Utah and Nevada.

OFFICERS ELECTED

The following officers were elected: Dr. Clyde Mount, Oregon City, president; Dr. J. E. Gurley, San Francisco, vice-president; Dr. J. C. Jones, Portland, secretary-treasurer.

It was decided to hold conventions every three years, the first meeting to be held in Portland in 1935, in connection with the hydro-electric exposition, to be given there during that year.

Today's program, consists of a large number of highly technical clinical meetings. The program will last all day, the convention coming to an official close at 4 p.m.

The management of the Mission Play has given tickets for the famous presentation to the ladies who are attending the convention, and it has been arranged to take them to the Mission in automobiles.

The election of officers for the coming year will be held late this afternoon in the last meeting of the house of delegates.

## PLAN FOR STUDY OF PENSIONS

Actuary Will be Employed to Examine Systems in Use in Other Cities

The City Council yesterday authorized Efficiency Director Eldridge to employ an actuary at a salary of \$300 a month, to study the pension systems in use in other cities and report a new pension plan for all Los Angeles city employees.

Efficiency Director Eldridge said he would endeavor to obtain the services of Victor Montgomery, an expert who was active in the preparation of the pension system in use at San Francisco. Under the latter plan, and those in use in New York and other eastern cities, as well as in the Los Angeles county government employees contribute from their salaries toward the pension fund and the city also contributes. This system prevents a heavy and growing burden on the taxpayers, as is necessary with the present Los Angeles pension system for policemen and firemen.

Eleventh-hour efforts were made yesterday by the firemen and policemen to force through the City Council an ordinance placing their pension charter amendments on the primary ballot. Six votes were required. The effort failed and the policemen's pension amendments will go on the ballot at the November State election, together with an alternate plan, sponsored by the majority of the City Council. In the form of an enabling act authorizing the Council to establish a modern, scientific, non-burdensome pension system for all city employees, including policemen and firemen. Yesterday was the last day, under the law, that the policemen's and firemen's pension charter amendments could be ordered on the August 29 ballot.

WOMAN WINS SUIT

As a result of an accident in which she was injured by a wooden rail thrown by a truck, Mrs. Eileen L. Geraldine was awarded \$2000 by the jury in Judge Myers' court yesterday. Mrs. Geraldine asserted that she was injured when the truck of the creamery ran into a machine and threw it.

## ASKS CUT IN SEWER BONDS

City Engineer Says Slash Can Be Made

Supervisors Postpone Call for Hall of Justice

Disposal Plans for Growth of Thirty Years

City Engineer Griffin's report recommending that the proposed issue of sewer improvement bonds to be presented to the voters at the August 29 primaries on August 29 be reduced from \$12,000,000 to \$10,000,000 was read to the City Council yesterday and referred to the Finance Committee. They are expected to submit a report within a few days favoring the \$10,000,000 bond issue. The Council will accept the report, formally call the election and order the sewer bond issue placed on the ballot at the coming primaries.

The Councilmen yesterday expressed their appreciation of the services rendered by the Community Development Association in making a survey of all methods proposed for giving Los Angeles the admittedly needed relief from conditions which, if continued, will block the future growth of the city. The association is expected to take an important part in the educational campaign in support of the bonds between now and the primaries and the Councilmen expressed the belief yesterday that the bonds will carry.

**HALL OF JUSTICE POSTPONED**  
President Crawford stated to the Council yesterday that he had been informed that the Board of Supervisors had decided not to submit at the August 29 primaries the bond issue of \$9,000,000 for the construction of the new Hall of Justice and for other improvements. The Councilmen expressed their satisfaction at the reported action of the supervisors as being of great assistance to the sewer bonds. With two large bond issues on the same ballot there was every fear expressed that neither would carry. The supervisors are expected to submit their \$9,000,000 bond issue at the November State election.

**CITY ENGINEER'S REPORT**  
City Engineer Griffin's report to the Council yesterday was as follows:

"After a series of twelve meetings, extending over a period of two or three months, with the committee appointed by the Community Development Association, which latter association was asked by your honorable body to investigate and make recommendations regarding the disposal of the problem confronting the city of Los Angeles, I beg to report that we have finally agreed upon a modified plan embracing a main effluent conduit and modified treatment of the sewage at Hyperion and disposal of the treated effluent through a pipe on the floor of the ocean to a point one mile from shore, and the building and developing of a treatment plant at or near Culver City, near the emergency situation, with adequate provision for expansion at such times as conditions would indicate justification of the expansion for commercial purposes.

"This new program as agreed upon by me provides for the future conditions of the city up to 1950, and for the immediate cleaning up of the present nuisance at the beach, that portion of the program being the first element that will be constructed when bond money becomes available. It further provides for only the main trunk line with no laterals, which are to be constructed at later dates under the Act or subsequent bond issues. It has been deemed advisable by the committee, as I have myself, that due to the fact that San Pedro, as well as Van Nuys and San Fernando Valley, live in the very near future, need sewage disposal facilities that the present program provide for the main part of the city alone, and that the amount to be required for San Pedro and Van Nuys shall be presented to the voters in an issue in 1934.

**BONDS FOR \$12,000,000**  
The modification as outlined above will call for an issue of \$12,000,000 instead of \$12,000,000 as now contemplated, and I have been assured by this committee that you can expect the unanimous and unlimited support in the calling of such an issue.

"I respectfully recommend that you change the amount to be requested of the voters on August 29 to \$10,000,000 instead of \$12,000,000."

**Too Much Wine Costs Italian Heavy Penalty**

When A. Brandelli, a San Pedro Italian, wrote a check yesterday for \$446, he grew eloquent on the topic of the high cost of bootlegging.

He was charged with possession of a large quantity of fruit juice that had been allowed to grow into wine, and the other for withdrawing a permit he held from the Internal Revenue Department. But he forgot to read a fine print on the license that made it necessary for him to inform the Federal office if he made a quantity in excess of 200 gallons, containing alcohol in excess of 14 of 1 per cent.

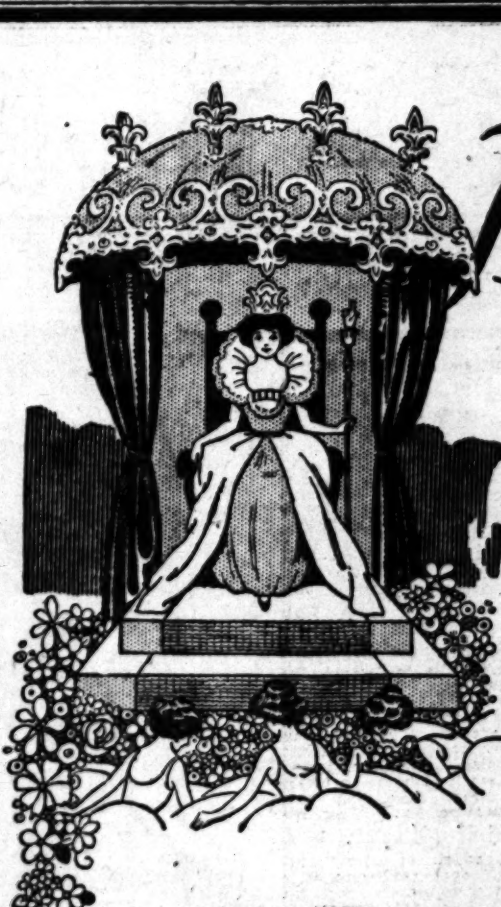

A jury was summoned, when Brandelli concluded that he would plead guilty. He was fined \$350, and in addition U. S. Dist. Judge Trippet compelled him to pay the expense of summoning the jury, which was \$16 more.

In addition Brandelli has to pay two lawyers, one for pleading not guilty, and the other for withdrawing that plea and entering a plea of guilty.

## Beauty Rules the World

Throughout all history beautiful women have controlled the destinies of mankind. Greece was at the height of her glory when Pericles ruled. He was largely influenced by Aspasia. Anthony threw away an Empire because of Cleopatra. The King of France built one of the greatest palaces in the world for a beautiful woman. Throughout history beauty has had powerful sway. The fate of empires has been decided by a woman's glance. No doubt, half of history is the result of influences of beautiful women on kings and rulers. The immortal Shakespeare has said that "Orators are dumb when beauty speaks." Surely beauty is one of the greatest forces in the world.

### Every Woman Can Easily Improve Her Looks

Perhaps every woman cannot be beautiful, but nearly every woman can look better than she does. Most women take what nature gives them, and beyond the "dabbing" of a little face powder or rouge when they go out, (which often does more harm than good) do not pay much attention to the improvement of their looks. It is absolutely true that one can improve one's looks. The complexion is beauty's first aid. Improve your complexion and you have gone a long way towards improving your beauty.

### You Owe It To Yourself To Look Your Best

Many people do not take care of their personal appearance as much as they should because they believe it is a sign of vanity. This is a great mistake. Your success in life and your happiness depend on your ability to make a good impression. As a business woman, as a wife, mother—no matter what your social position or standing—a good, clear complexion is valuable. If it does not give you the material things of life, it gives you charm and makes you happy.

### How To Make Your Complexion Beautiful

It is not hard to have a good skin. A few simple rules carefully observed is all that is necessary; the first of which is to keep your skin clean. Pure soap and water will not injure a baby's skin. It is a necessity for it is the thing that will remove the dirt. The skin is made up of millions of tiny pores through which impurities are thrown off from the body. If these pores are allowed to remain clogged with dirt, they cannot function properly and pimples, blackheads and a muddy complexion result. Clean your skin at night and protect it by day.

### Mrs. McCormick's Beauty Cream for a Lovely Skin

Mrs. McCormick's Beauty Cream is a preparation having two important purposes. One is to bring instant beauty to any skin, and the other is to give it the protection every skin must have in order that it may combat the life brought about by winter's harsh winds and the ruinous effects of the summer's sun.

Mrs. McCormick's Beauty Cream, when applied properly, will enhance the prettiest complexion and will work wonders on the most homely.

Technical Grounds

Avoiding reference to the merits  
of the suit, Gov. Stephens, Atty-  
Gen. Webb and certain of the Gov-  
ernor's political appointees joint-  
ly charged with a deliberate viola-  
tion of the State Constitution  
that caused a loss of \$222,160.50 in  
State highway funds, yesterday  
filed an answer in Federal court  
asking that the suit be dismissed  
on technical grounds.

The answer filed yesterday as-  
serts the suit should be dismissed  
because it is asserted:  
1. The suit does not state suf-  
ficient facts.  
2. The Federal court has no  
jurisdiction.

**MAY DECIDE MONDAY**  
5. Suit is barred by Subdivision  
1, Section 3399 of Code of Civil  
Proceedings.  
6. Original complaint failed to  
name as defendant Atty-Gen.  
Webb, who is named in amended  
complaint.

It is expected that Judge Bledsoe  
will render a decision Monday on  
the matter to dismiss.  
The suit by Mr. Mitchell names:  
Gov. Stephens, N. D. Darlington,  
Charles A. Whitmore, and F. W.  
Hatch as defendants. State High-  
way Commissioners: Marshall De Motte, Clyde  
L. Seavey and H. Stanley Bledsoe,  
former members of the State  
Board of Control; Atty-Gen. Webb  
and State Controller Riley.  
It is asserted by Mr. Mitchell  
that the Governor and other de-  
fendants ordered certain Federal  
road aid funds to the amount of  
approximately \$222,160.50, paid in-  
to the surplus of the General  
State Fund, and that the Board of  
Control then purchased 20th third  
State highway bonds by withdraw-  
ing \$2,021,750 of State moneys  
and, on the same day, reselling  
the bonds to a San Francisco bank  
for \$2,789,589.50, the sale at a  
discount being in violation of the  
Constitution and causing a net  
loss to the taxpayers of California  
of \$222,160.50.

**EARLY RULING ADVISED**  
Anticipating that the State of-  
ficials charged with this asserted  
illegal action might seek im-  
munity under the statute of limita-  
tions, a request was filed with  
State Controller Riley and Atty-  
Gen. Webb that these two officials  
bring suit to recover the asserted  
loss.  
Both Riley and Webb refused  
to act. Later, following the fil-  
ing of the action in Federal court,  
it is asserted by Mr. Mitchell  
that he discovered that the Attorney  
General was cognizant of the as-  
serted violation of the Constitu-  
tion and that the Governor and  
his appointees were advised by  
Webb to act as they did.

first carload of fresh grapes to  
leave the San Joaquin Valley this  
year is being loaded at Magunden,  
three miles east of Bakersfield,  
by the Earl Fruit Company today.  
The grapes of the Thompson  
seedless variety, were grown in the  
Arvin and Weed Patch districts,  
southeast of here, where the first  
grapes shipped from the valley  
last year were produced.  
Express consignments of grapes  
have been shipped from several  
Kern county localities. Carload  
shipments will begin in Delano,  
Northern Kern county, next Tues-  
day.

# Make this Your Best Week!

Only six more days remain of the 75,000 EXTRA Vote offer—the biggest bargain vote period in the Los Angeles Times' \$70,000 prize campaign. Every \$30 club of new subscriptions turned in NOW is worth, in addition to all the regular votes, 75,000 EXTRA VOTES. Make every day until July 26 count a big step toward winning that \$16,500 Wilshire Crest home, the \$8000 bungalow in West Hollywood Tract, or one of the 20 automobiles soon to be given away.

## 75,000 EXTRA VOTE OFFER Closes Wednesday, July 26, 9 P.M.

Every candidate participating in this remarkable prize race should make it a point to turn in at least one \$30 club this week. If you can get more than one club, so much the better. Two clubs, for instance, will entitle you to 150,000 extra votes. There is no limit to the number of clubs any candidate may turn in. Make it a BIG Week!

## You Can Share in The Times' \$70,000 Prize Campaign

Votes secured by July 26 may be the deciding factor in winning a valuable prize for you. By building \$30 clubs during the remaining days of the special offer you have the opportunity to make certain of ultimate victory. The prize you win depends entirely on the number of votes you secure. Here is your chance to get LOTS OF VOTES.

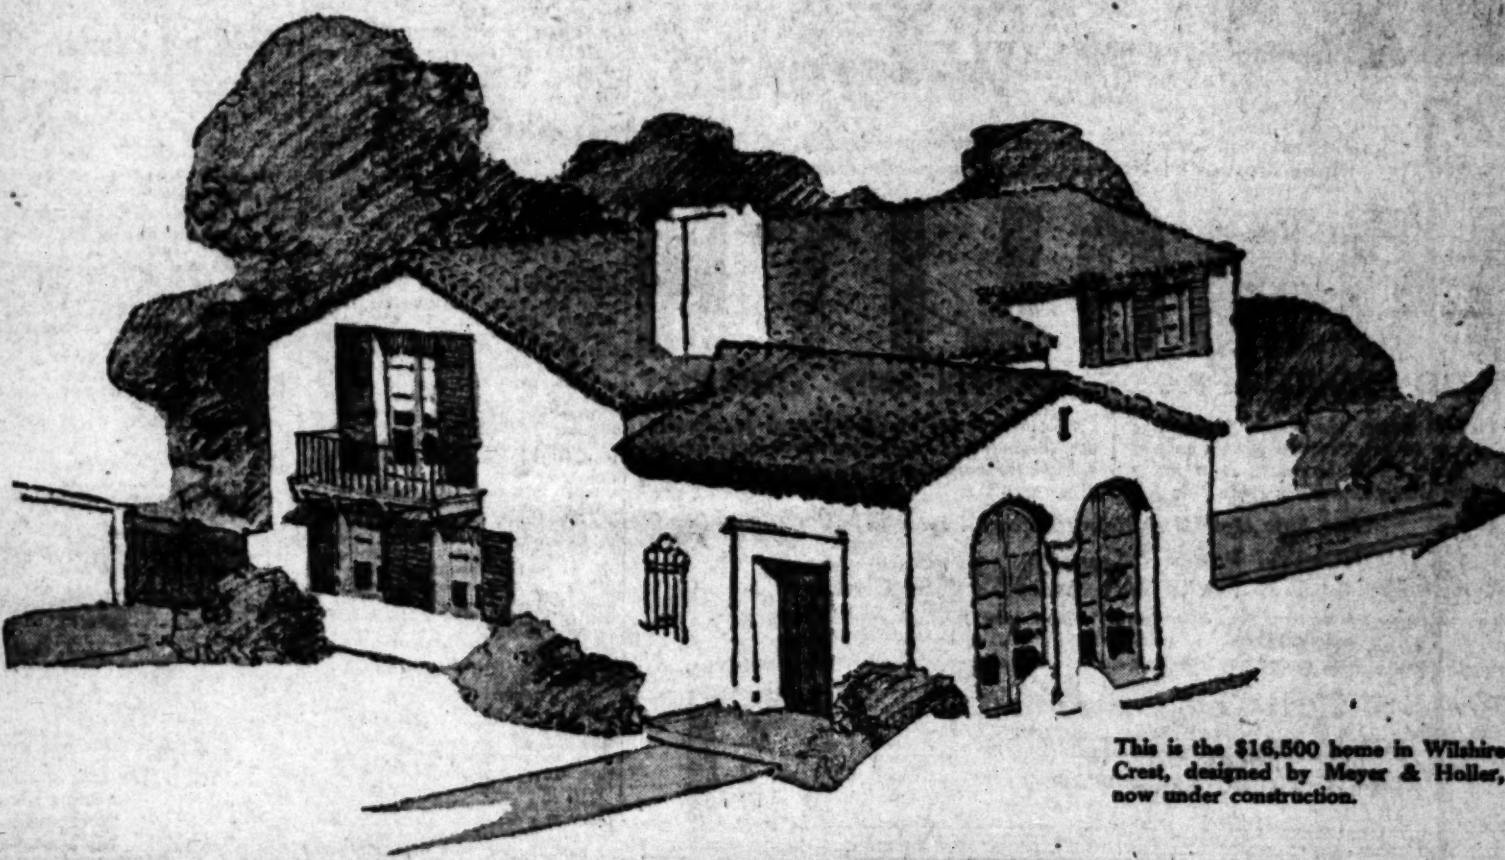

### These Regular Votes Are Given on New Subscriptions. The 75,000 Bonus Votes Are EXTRA!

## NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, July 20.—The stock market was firm to strong during the first half of today's fairly active session, but developed irregular tendencies later on renewed selling of prominent specialties, including the motors. Traders for the long account showed greater caution and a return of the less favorable aspects of the coal and railroad strikes, although shares of those descriptions were well supported.

Offerings of automobile issues were attended by rumors dealing with the financial status of several of the prominent companies, but general conditions in the motor trade were declared to be favorable.

Washington advices intimating that the Federal Trade Commission is likely to announce formal approval of the Republic-Midvale merger stimulated further buying of secondary steels and United States Steel established a new high quotation for the current movement.

Changes among equipments, copper, textiles, rubbers and chemicals ranged from 1 to 3 points at best, but these were much impaired or entirely canceled in the liquidation of the first hour when Pierce, Arrow preferred and Studebaker led the reaction.

From its extreme rise of 6 points to a level 21 points above the recent low, Mexican Petroleum fell back sharply, making a net gain of 1 1/2 points. Republic Iron was the only stock of its particular type to retain much of its advance in the reversal, rails also yielding. Sales amounted to 725,000 shares.

The money market followed its course of the preceding day until the final hour when call loans rose from 4 to 4 1/2 per cent. Two and three months money was offered at 3 1/2 per cent and some of the longer maturities were negotiated at 4 per cent with an increased demand for commercial paper.

Part of yesterday's setback in the leading foreign exchanges was recovered. Sterling was firm, allied bills improved 3 to 10 points and the German mark also rallied. Austrian remittances were at low ebb during the morning, but rallied feebly later.

The Greek rate was better and strength was shown by Dutch and Scandinavian quotations.

**WHOLLY INNOCENT**  
The negress had been arrested on a charge of assaulting the negress. When the officer arrived with her at the City Prison the Lieutenant in charge wanted a few of the details of the case as she was being registered.  
"Luella W——," asked the lieutenant, "what have you to say for yourself?"  
"Ah never struck that woman," declared Luella with emphasis. "Ah never touched her. Ah had reprimanded her for throwing garbage out back, an' kept on doin' it, an' this

"Nin Ah reprimed her  
 hah. Ah come downstairs  
 mah fat up above, an  
 holding up mah right hand  
 like the Statue of Liberty.  
 like Ah's holdin' up mah  
 t hand now, reprimed in  
 woman. Ah 's Ah come  
 to her, that woman jup  
 ped head first evah ting  
 ting. Ah nevah touched  
 her."  
 "What did you have in your  
 mind which you were holding  
 up like the Statue of Liber-  
 ty?" asked the lieutenant.  
 "A hatchet." — (Columbus  
 catch.)
